

**Supplemental Fig. 1.** PCR detection of *cryIAb/lac* gene in 208S and its hybrids. (A) PCR detection results of *cryIAb/lac* gene. Lanes 1-6: 208S, Zheyou 1, Zheyou 3, Zheyou 5, Huahui 1 (the positive control) and Minghui 63 (the negative control). (B) PCR detection results for 5' flanking sequencing fragments of *cryIAb/lac* gene insertion, lanes 1-3: DNA Marker, 208S, Huahui 1. (C) 3' flanking sequencing fragments, lanes 1-3: DNA Marker, 208S, Huahui 1.
