

**A**

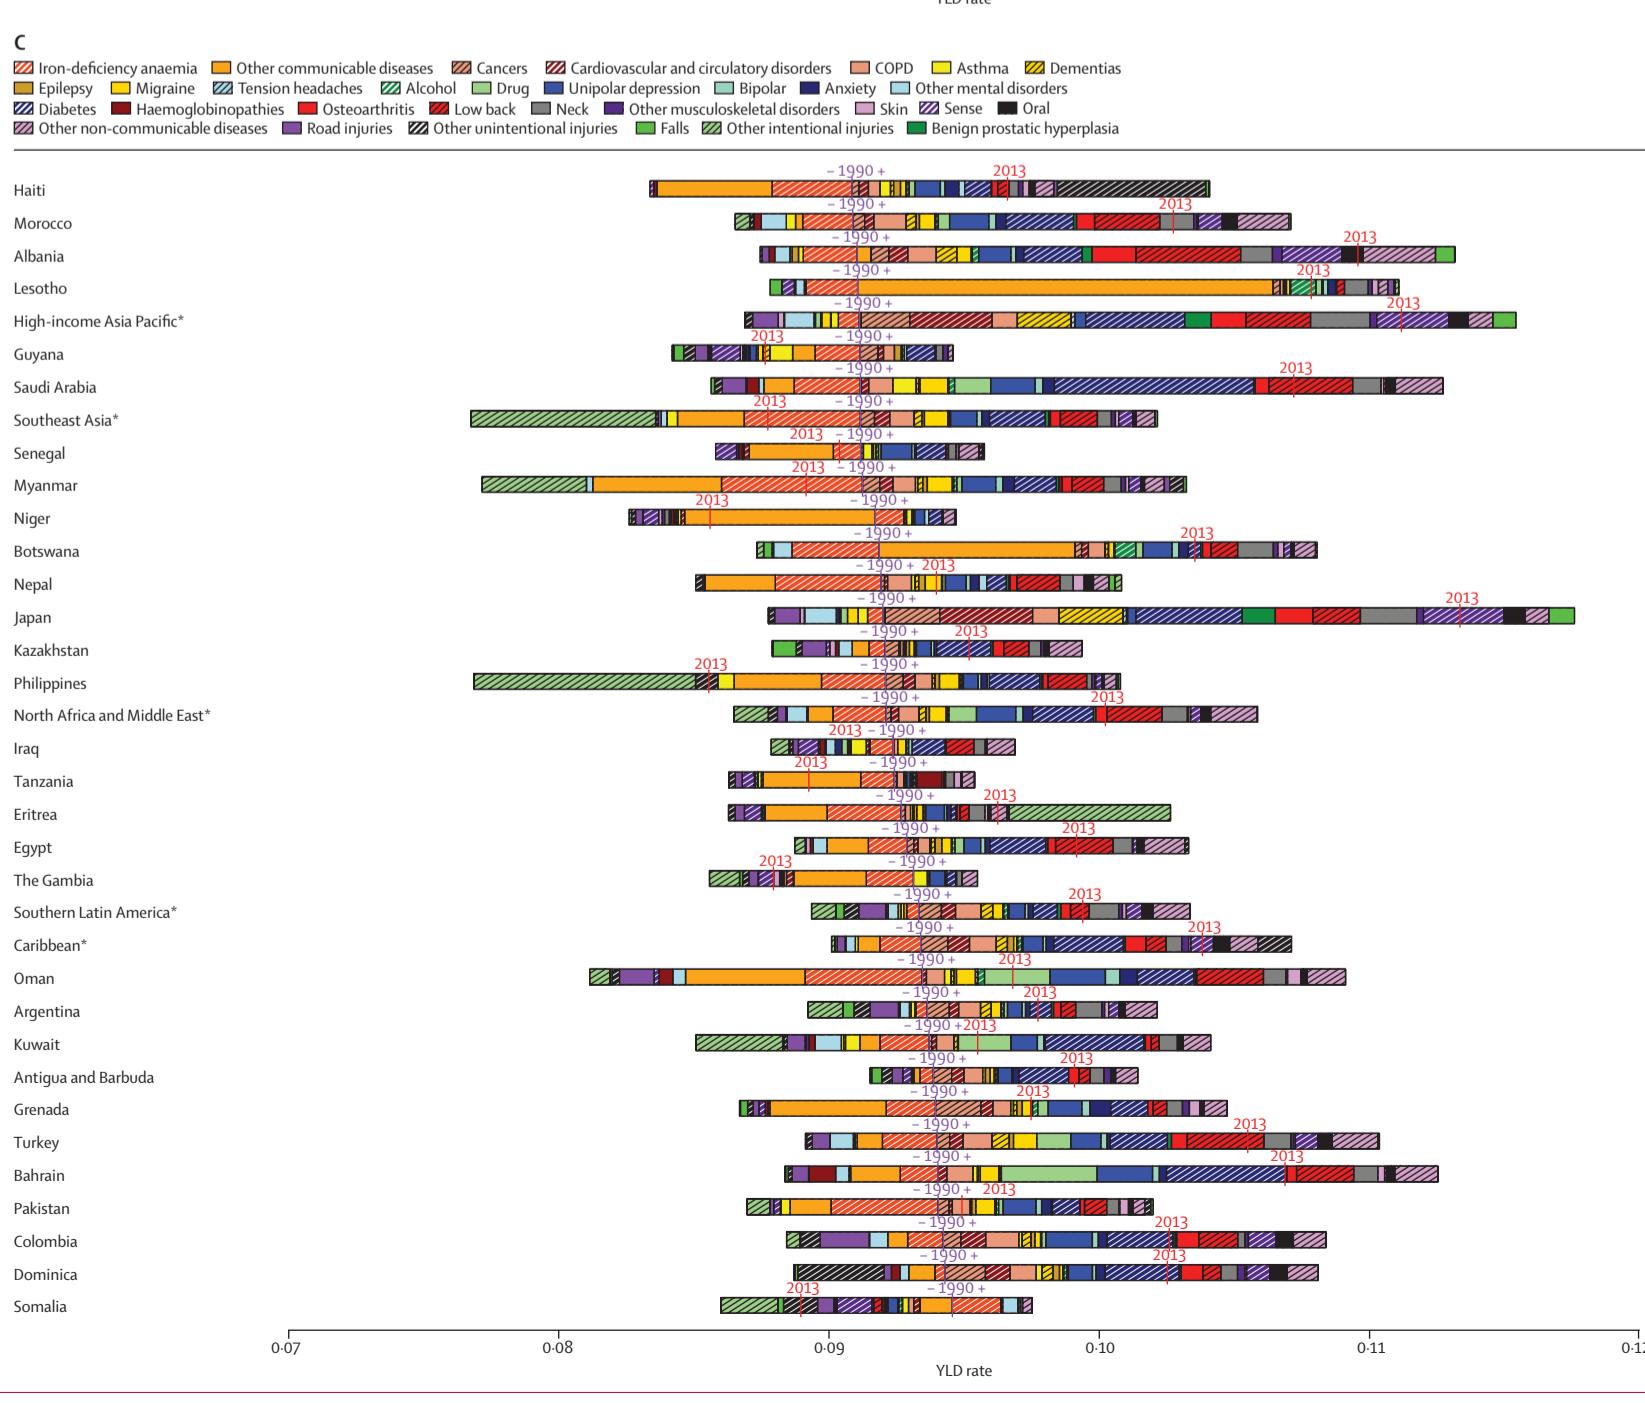

Iron-deficiency anaemia | Other communicable diseases | Cancers | Cardiovascular and circulatory disorders | COPD | Asthma | Dementias  
 Epilepsy | Migraine | Tension headaches | Alcohol | Drug | Unipolar depression | Bipolar | Anxiety | Other mental disorders  
 Diabetes | Haemoglobinopathies | Osteoarthritis | Low back | Neck | Other musculoskeletal disorders | Skin | Sense | Oral  
 Other non-communicable diseases | Road injuries | Other unintentional injuries | Falls | Other intentional injuries | Benign prostatic hyperplasia

**B**

Iron-deficiency anaemia | Other communicable diseases | Cancers | Cardiovascular and circulatory disorders | COPD | Asthma | Dementias  
 Epilepsy | Migraine | Tension headaches | Alcohol | Drug | Unipolar depression | Bipolar | Anxiety | Other mental disorders  
 Diabetes | Haemoglobinopathies | Osteoarthritis | Low back | Neck | Other musculoskeletal disorders | Skin | Sense | Oral  
 Other non-communicable diseases | Road injuries | Other unintentional injuries | Falls | Other intentional injuries | Benign prostatic hyperplasia

**C**

Iron-deficiency anaemia | Other communicable diseases | Cancers | Cardiovascular and circulatory disorders | COPD | Asthma | Dementias  
 Epilepsy | Migraine | Tension headaches | Alcohol | Drug | Unipolar depression | Bipolar | Anxiety | Other mental disorders  
 Diabetes | Haemoglobinopathies | Osteoarthritis | Low back | Neck | Other musculoskeletal disorders | Skin | Sense | Oral  
 Other non-communicable diseases | Road injuries | Other unintentional injuries | Falls | Other intentional injuries | Benign prostatic hyperplasia

**Figure appendix:** Change in YLD rate from 1990 to 2013 for 188 countries and 21 regions (changes have been decomposed into 31 major cause groups and countries are ordered by the YLD rate in 1990)

Reductions in YLD rates per person from a cause from 1990 to 2013 are shown as coloured bars to the left of the 1990 starting level and increases in YLD rates per person from a cause are shown as bars to the right of the starting line.

YLD=years lived with disability. COPD=chronic obstructive pulmonary disease. \*Regions.
