

**a**

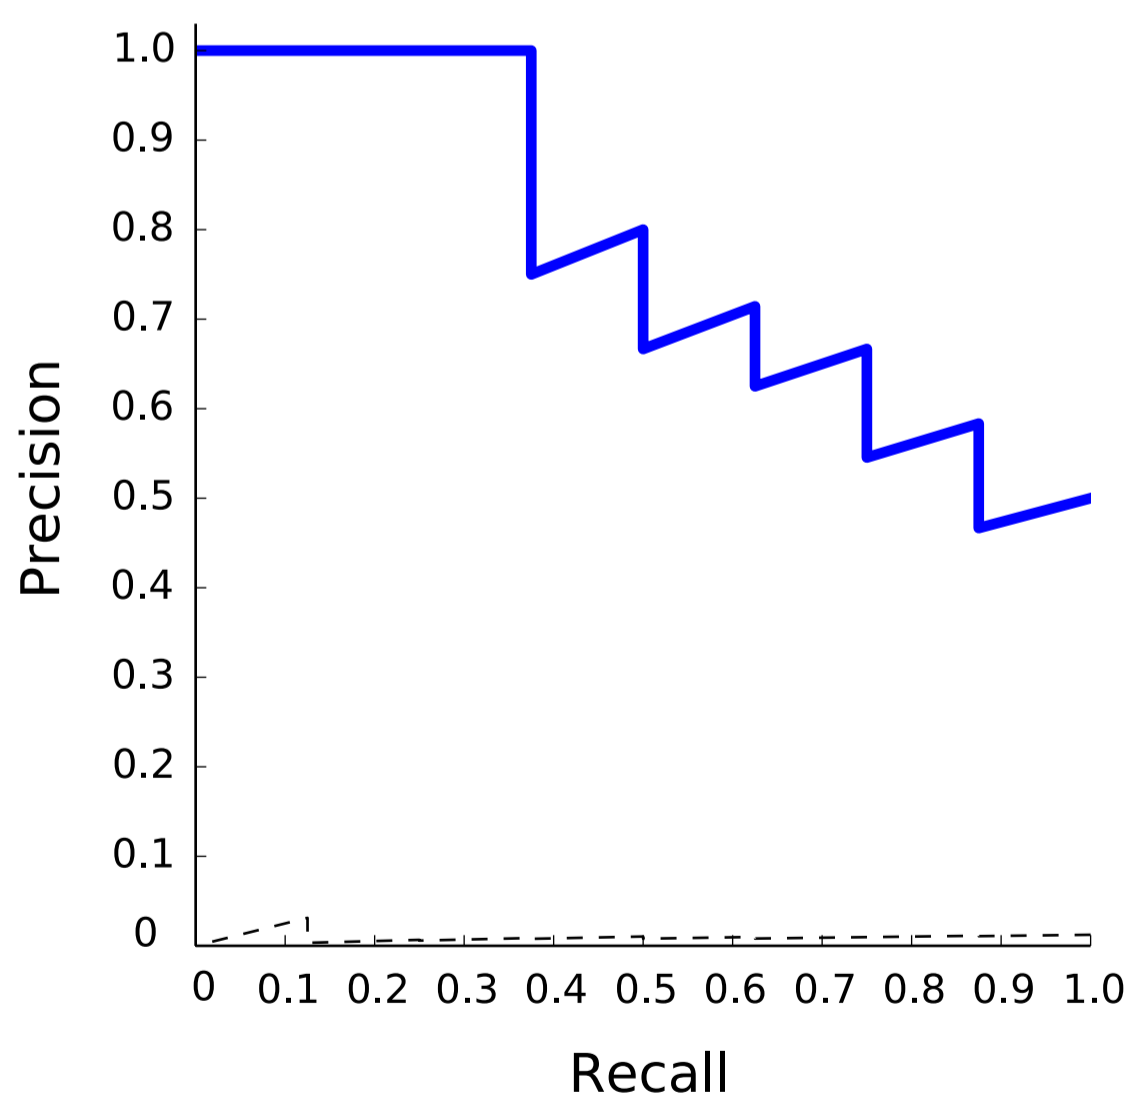

- Using all data sources (0.85)
- Using seven data sources (0.74)
- Using four data sources (0.60)
- Using three data sources (0.65)
- Using two data sources (0.54)
- - - Using all data sources and random seed sets (0.39)

- Using all data sources (0.99)
- - - Using all data sources and random seed sets (0.77)

**b**

- Using all data sources (0.65)
- Using seven data sources (0.11)
- Using four data sources (0.03)
- Using three data sources (0.19)
- Using two data sources (0.05)
- - - Using all data sources and random seed sets (0.00)

- Using all data sources (0.77)
- - - Using all data sources and random seed sets (0.01)
