

Table S1

Descriptive statistics for dogs that were excluded, and reason for exclusion (N = 11).

Dog Name	Breed	Order	Sex	Dog Type	Age (years)	Reason for Exclusion
Sahara	Labrador Retriever	B	F	Pet	3	Experimenter error
Charlie	Standard Schnauzer	A	M	Pet	6	Experimenter error
Duma	Borzoi	A	M	Pet	1	Abort criteria: Too many no choice trials
Izzy	Mixed: Lab/Chow	A	F	Pet	4	No video
Kato	Mixed: Sheltie	B	F	Pet	11	Abort criteria: Too many no choice trials
Simone	Beagle	A	F	Pet	4	Abort criteria: Too many no choice trials
Bella	Labrador Retriever	B	F	Pet	2	Abort criteria: Too many no choice trials
Oscar	Maltese	B	M	Pet	6	Abort criteria: Too many no choice trials
Jordie	Mixed: Corgi	A	F	Pet	3	Owner interference
Gia	Mixed: Border Collie	A	F	Pet	8	Abort criteria: Too many no choice trials
Wesley	Labrador Retriever	B	M	Assistance	2	Abort criteria: Too many no choice trials

Increasing arousal enhances inhibitory control in calm but not excitable dogs
