

Supplementary Fig. 9

Supplementary Fig. 9 – Rac1 inhibition attenuates growth of breast cancer cell lines in soft agar (a) Soft agar colony formation of MCF7 cells treated with vehicle or 25 μM EHT 1864 ($***P < 0.0001$ between groups, Student's t-test). **(b)** Soft agar colony formation of DT13 cells treated with vehicle or 25 μM EHT 1864 ($**P < 0.001$, between groups, Student's t-test). Data are expressed as mean \pm SEM of three separate experiments.
