

Supplementary Figure 1. Supplementary material contains Figs. 1–4.

Stacey E. Anderson, Jennifer Franko, J.R. Wells, Ewa Lukomska, B. Jean Meade

Evaluation of the hypersensitivity potential of alternative butter flavorings

Food and Chemical Toxicology, Volume 62, 2013, 373–381

<http://dx.doi.org/10.1016/j.fct.2013.08.053>

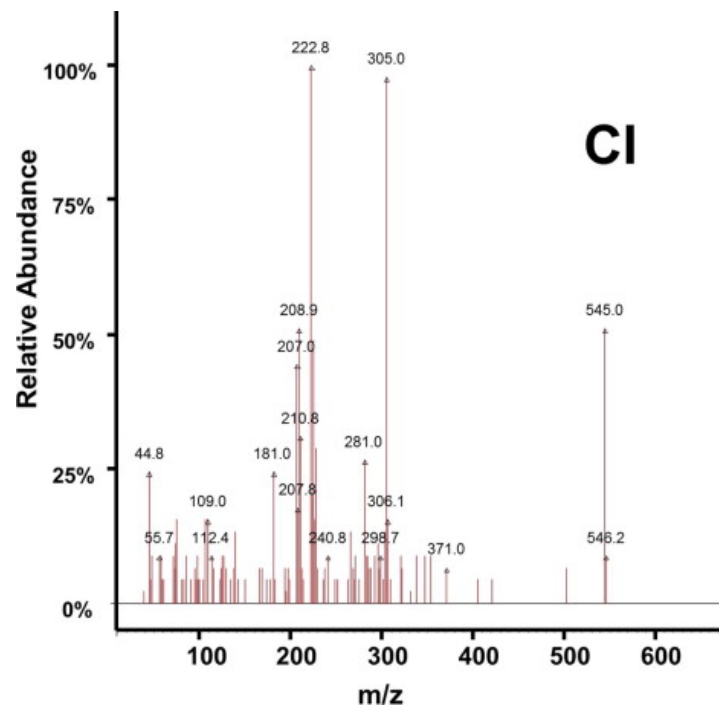

Supplementary Figure 2.

Stacey E. Anderson, Jennifer Franko, J.R. Wells, Ewa Lukomska, B. Jean Meade

Evaluation of the hypersensitivity potential of alternative butter flavorings

Food and Chemical Toxicology, Volume 62, 2013, 373–381

<http://dx.doi.org/10.1016/j.fct.2013.08.053>

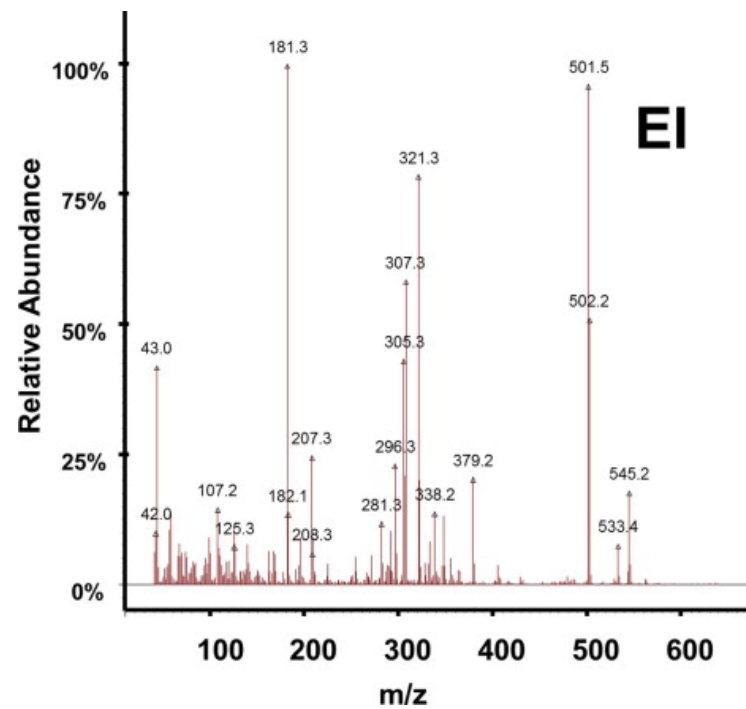

Supplementary Figure 3.

Stacey E. Anderson, Jennifer Franko, J.R. Wells, Ewa Lukomska, B. Jean Meade

Evaluation of the hypersensitivity potential of alternative butter flavorings

Food and Chemical Toxicology, Volume 62, 2013, 373–381

<http://dx.doi.org/10.1016/j.fct.2013.08.053>

Supplementary Figure 3.

Stacey E. Anderson, Jennifer Franko, J.R. Wells, Ewa Lukomska, B. Jean Meade

Evaluation of the hypersensitivity potential of alternative butter flavorings

Food and Chemical Toxicology, Volume 62, 2013, 373–381
