

Supplemental Table S4. Prevalence of overweight/obesity among adult persons living with HIV/AIDS

Author (Publication year)	Country	Demo- graphic group ^a	N	Preva- lence (%)	Category
Bauer (2011) [124]	US	Overall	102	44	Overweight/Obesity
		Female	43	44	Overweight/Obesity
		Male	59	44	Overweight/Obesity
Blashill <i>et al.</i> (2013) [126]	US	MSM	864	12	Obesity
				42	Overweight
				54	Overweight/Obesity
Buchacz <i>et al.</i> (2013) [101]	US	Female	581	32	Obesity
		Male	1,800	18	Obesity
Capili <i>et al.</i> (2011) [68]	US	Overall	123	29	Obesity
				33	Overweight
				63	Overweight/Obesity
Cervero <i>et al.</i> (2012) [69]	Spain	Overall	352	7	Obesity
				27	Overweight
				34	Overweight/Obesity
Chung <i>et al.</i> (2012) [125]	US	Overall	329	57	Overweight/Obesity
Fabbiani <i>et al.</i> (2013) [72]	Italy	Overall	245	6	Obesity
Freiberg <i>et al.</i> (2013) [73]	US	Overall	26,872	14	Obesity
Galli <i>et al.</i> (2012) [75]	Italy	Overall	1,306	5	Obesity
				24	Overweight
				30	Overweight/Obesity
Gangcuangco <i>et al.</i> (2013) [122]	US	Overall	158	16	Obesity
				44	Overweight
				60	Overweight/Obesity
Jarrett <i>et al.</i> (2013) [77]	US	Overall	567	53	Overweight/Obesity
Kim, Westfall <i>et al.</i> (2012) [104]	US	Overall	1,844	29	Obesity
				36	Overweight
				65	Overweight/Obesity
Koethe <i>et al.</i> (2013) [78]	US	Overall	158	44	Obesity
				26	Overweight
				70	Overweight/Obesity
		Female	47	64	Obesity
				17	Overweight
				81	Overweight/Obesity
Male	111	35	Obesity		
		30	Overweight		

Krishnan <i>et al.</i> (2012) [105]	US	Overall	2,240	65 Overweight/Obesity 15 Obesity 32 Overweight 47 Overweight/Obesity
Patel <i>et al.</i> (2013) [123]	US	Overall	454	27 Obesity 35 Overweight 62 Overweight/Obesity
Salter <i>et al.</i> (2013) [127]	US	IDU	322	18 Obesity 28 Overweight 46 Overweight/Obesity
Yoon <i>et al.</i> (2011) [118]	US	Overall	764	21 Obesity 36 Overweight 57 Overweight/Obesity
Young <i>et al.</i> (2011) [90]	US	Overall	5,284	13 Obesity 32 Overweight 45 Overweight/Obesity

Abbreviations: IDU, injection drug users; MSM, men who have sex with men.

^a“Overall” refers to study samples unrestricted by sex or HIV transmission category; “male” refers to male study samples unrestricted by HIV transmission category.
