Table A. Survey Responses

Table A. Raw Survey Results

#	Question	Responses (N=111)
1	What is your role in the Intensive Care Unit Medical Director ICU Physician Nurse Manager Patient Care Coordinator	45 49 12 1
2	<i>Responses contained identifying information</i>	
3	What province is your hospital located in? Alberta British Columbia Manitoba New Brunswick Newfoundland Nova Scotia Ontario Prince Edward Island Quebec Saskatchewan	13 21 4 3 1 2 32 0 29 6
4	What types of patients are usually cared for in your ICU?*	110 108 61 56 44 20 14
5	Can your ICU care for ventilated patients? Yes No	109 1
6	On, average how many operational beds are in your ICU?	Median: 13 (IQR 12) Range: 3 – 38
7	Does your ICU use an open or closed model of care? Open Closed Mixed	15 94 2
8	Does your ICU regularly host residents? Yes No	79 32

#	Question	Responses (N=111)
9	Which of the following types of rounds happen on a daily basis in your unit?*	
	Pre-rounding	67
	Multidisciplinary rounds	89
	Post-rounding	52
	Sign-out rounds	70
	Diagnostic imaging rounds	31
	Rapid fire or bullet rounds	54
10	In your unit who is involved in patient care rounds on a regular basis?*	
	Attending Physician	108
	ICU Fellows	33
	ICU Residents	64
	Medical Students	47
	Bedside Nurses	103
	Other Nursing Positions	61
	Nurse Practitioners	14
	Pharmacists	94
	Respiratory Therapists	98
	Dieticians	81
	Physiotherapists	50
	Social Workers	41
	Other	7
11	In your unit where do patient care rounds regularly occur?*	
	At the patients bedside	59
	In the hallway by the patients bed	48
	In a conference room	13
	At a nursing station	6
12	Is there a standard starting time for patient care rounds in your unit?	
	Never (0 days per week)	11
	Sometimes (1 – 3 days per week)	11
	Usually (4 – 6 days per week)	49
	Always (7 days per week)	33
13	Is there a standard starting location for patient care rounds in your unit?	
	Never (0 days per week)	34
	Sometimes (1 – 3 days per week)	13

#	Question	Responses (N=111)
	Usually (4 – 6 days per week)	26
	Always (7 days per week)	33
14	Are patient care rounds an open environment in your unit where all participants feel safe to voice their opinion? Never Sometimes (< ½ of patients rounded on) Usually (> ½ of patients rounded on) Always	1 5 35 64
15	Are patient care rounds a collaborative environment in your unit where all health care providers are encouraged to participate and all opinions are considered when creating the patient care plan? Never Sometimes (< ½ of patients rounded on) Usually (> ½ of patients rounded on) Always	2 13 36 54
16	How often are patient care rounds interrupted by answering pages? Never Sometimes (< ½ of patients rounded on) Usually (> ½ of patients rounded on) Always	10 633 21 10
	How often are patient care rounds interrupted by answering phone calls? Never Sometimes (< ½ of patients rounded on) Usually (> ½ of patients rounded on) Always	6 64 26 9
	How often are patient care rounds interrupted by requesting consultations? Never Sometimes (< ½ of patients rounded on) Usually (> ½ of patients rounded on) Always	21 68 10 2
	How often are patient care rounds interrupted by receiving consultations? Never Sometimes (< ½ of patients rounded on)	21 68

#	Question	Responses (N=111)
	Usually (> ½ of patients rounded on)	14
	Always	2
	How often are patient care rounds interrupted by emergent issues concerning other patients?	
	Never	10
	Sometimes (< ½ of patients rounded on)	77
	Usually (> ½ of patients rounded on)	15
	Always	2
	How often are patient care rounds interrupted by non-emergent issues concerning other patients?	
	Never	34
	Sometimes (< ½ of patients rounded on)	55
	Usually (> ½ of patients rounded on)	15
	Always	1
	How often are patient care rounds interrupted by code blues?	
	Never	56
	Sometimes (< ½ of patients rounded on)	41
	Usually (> ½ of patients rounded on)	5
	Always	1
	How often are patient care rounds interrupted by rapid response/medical emergency calls?	
	Never	66
	Sometimes (< ½ of patients rounded on)	26
	Usually (> ½ of patients rounded on)	6
	Always	2
	How often are patient care rounds interrupted by new patient admissions?	
	Never	27
	Sometimes (< ½ of patients rounded on)	69
	Usually (> ½ of patients rounded on)	6
	Always	2
	How often are patient care rounds interrupted by tests and/or procedures?	
	Never	32
	Sometimes (< ½ of patients rounded on)	64
	Usually (> ½ of patients rounded on)	7
	Always	1

#	Question	Responses (N=111)
17	<p>If the patient is awake and aware, how is the patient handled during patient care rounds in your unit?</p> <p>The patient is allowed and encouraged to attend rounds</p> <p>The patient is allowed but not encouraged to attend rounds</p> <p>The patient is allowed to attend but it is preferable that they do not</p> <p>The patient is not allowed to attend</p>	<p>28</p> <p>32</p> <p>28</p> <p>18</p>
18	<p>If the patient is to participate in rounds what is their role?*</p> <p>Observe</p> <p>Provide additional information</p> <p>Ask questions</p> <p>Participate in shared decision making</p> <p>Receive an update</p>	<p>46</p> <p>60</p> <p>59</p> <p>38</p> <p>59</p>
19	<p>How is the family handled during patient care rounds in your unit?</p> <p>The family is allowed and encouraged to attend rounds</p> <p>The family is allowed but not encouraged to attend rounds</p> <p>The family is allowed to attend but it is preferable that they do not</p> <p>The family is not allowed to attend</p>	<p>12</p> <p>32</p> <p>26</p> <p>36</p>
20	<p>If the family of the patient is to attend rounds, what is their role?*</p> <p>Observe</p> <p>Provide additional information</p> <p>Ask questions</p> <p>Participate in shared decision making</p> <p>Receive an update</p>	<p>48</p> <p>48</p> <p>50</p> <p>28</p> <p>48</p>
21	<p>How often does the typical family of the patient attend patient care round?</p> <p>Never (0 days per week)</p> <p>Sometimes (1 – 3 days per week)</p> <p>Usually (4 – 6 days per week)</p> <p>Always (7 days per week)</p>	<p>21</p> <p>42</p> <p>6</p> <p>0</p>

Holodinsky et al., A Survey of Rounding Practices In Canadian Adult Intensive Care Units

#	Question	Responses (N=111)
22	How many patients are typically rounded on in one day?	Median: 11 (IQR 6) Range: 1 – 30
23	How much time (in minutes) is typically spent with each patient	Median: 15 (IQR 10) Range: 4 – 45
24	What percentage of patient care rounds is spent on the following items: Patient Care Teaching Other	Median: 80% (IQR 17.5%) Median: 20% (IQR 15%) Median: 0% (IQR 5%)
25	Does your unit use any of the following during patient care rounds:*	
	A rounding checklist	31
	A patient goal sheet	16
	Other tool to facilitate patient care rounds	17
	No tools are used to facilitate rounds	53
27	How often to medical errors occur as a result of rounding processes in your ICU?	
	Never	58
	Sometimes	43
	Usually	0
	Always	0
28	How efficient are patient care rounds in your ICU?	
	Never	
	Sometimes	4
	Usually	17
	Always	70
		11
29	How often do patient care rounds result in a tangible care plan for the patient in your ICU?	
	Never	0
	Sometimes	11
	Usually	63
	Always	29
30	How often does the rounding process slow patient care in your ICU?	
	Never	24
	Sometimes	74
	Usually	5
	Always	0

#	Question	Responses (N=111)
31	How often are patient care rounds equitable in your unit? Never Sometimes Usually Always	1 11 48 42
32	On a scale from 1 through 10 please rate the quality of patient care rounds in your unit	Median: 7 (IQR 1) Range: 3 – 10
33	On a scale from 1 through 10 please rate how much opportunity there is for improvement in patient care rounds in your unit	Median: 7 (IQR 3) Range: 2 – 10
