Dear Jason Tarkin,

JNM has an open permission policy allowing the use of original figures and tables published in JNM in other journals. In these cases, formal permission is not required as long as proper credit is given to JNM as follows: This research was originally published in JNM. Author(s). Title. J Nucl Med. Year;vol:pp-pp. © by the Society of Nuclear Medicine and Molecular Imaging, Inc. This policy is posted online at: <http://jnm.snmjournals.org/site/misc/permission.xhtml>. (The final article with complete citation information will be published at the beginning of January 2016.)

Materials credited to outside sources are not original. In this case, the original rightsholders should be contacted for reprint permission. Copyright to material published by presenters at SNMMI Annual Meetings is retained by the original authors.

To reprint JNM material in other types of publications, please complete the online reprint permission form at: <http://www.snmmi.org/Applications/Forms/FormDisplay.aspx?FormID=23215&navItemNumber=684>.
