

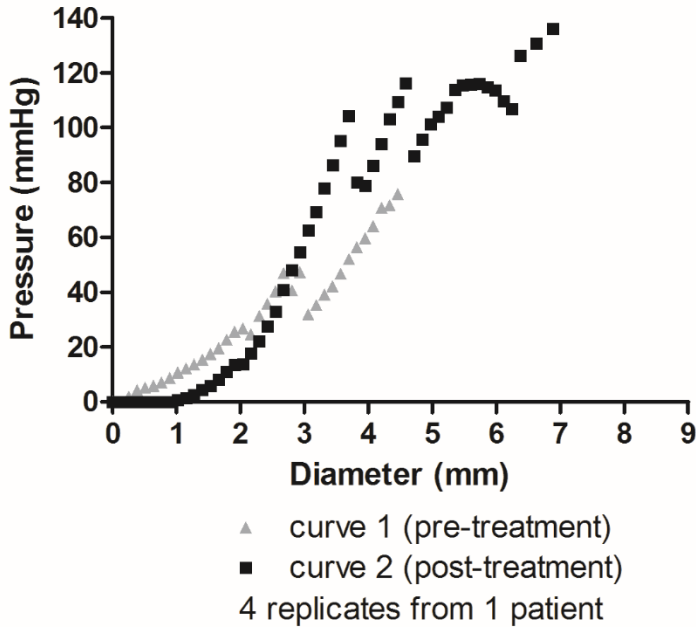

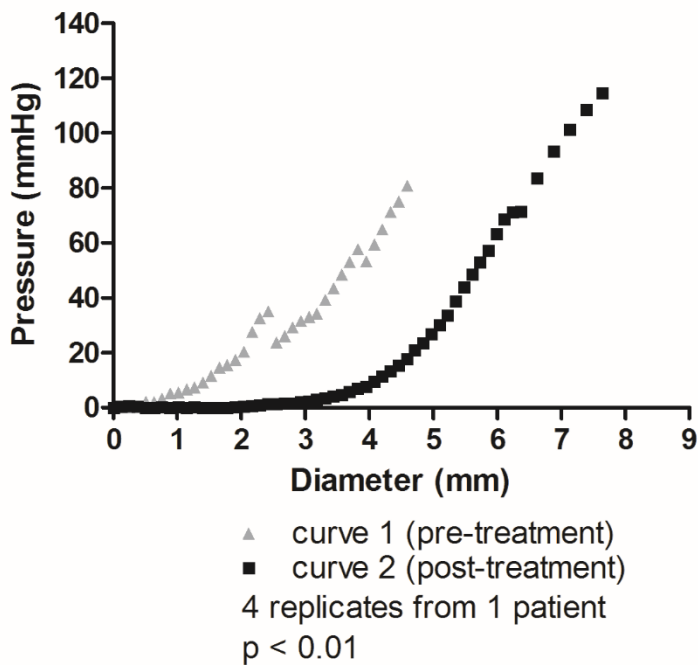

Figure 3S. Atherosclerotic anterior and posterior tibial artery (with higher pressures) curves for Diameter-Pressure prior to and following treatment with vehicle (PBSP)(A) and vonapanitase (B); Compliance curves prior to and following treatment with vehicle (PBSP) (C) and vonapanitase (D); Stress-strain curves prior to and following treatment with vehicle (PBSP)(E) and vonapanitase (F).

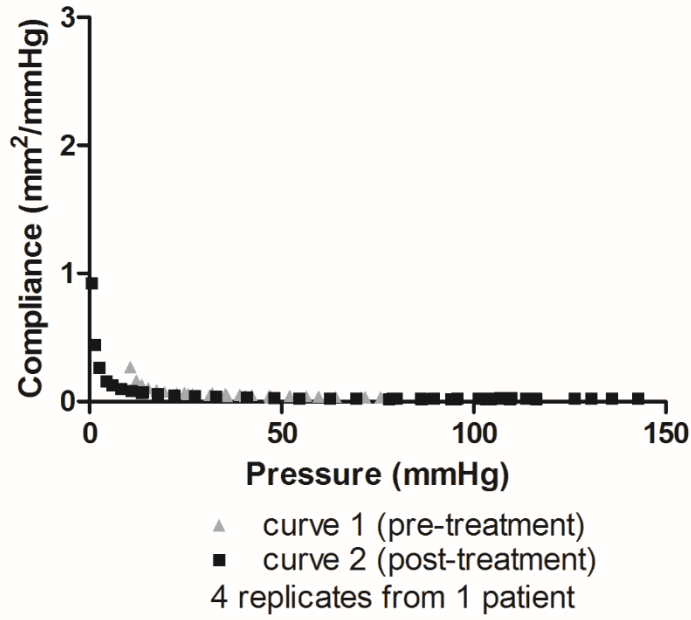

**(A) Anterior, posterior tibial artery - vehicle treated**

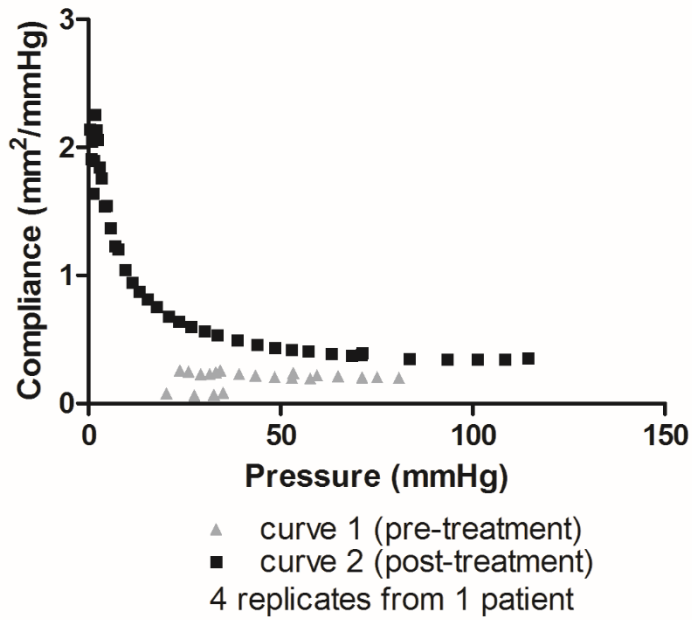

**(B) Anterior, posterior tibial artery - vonapanitase treated**

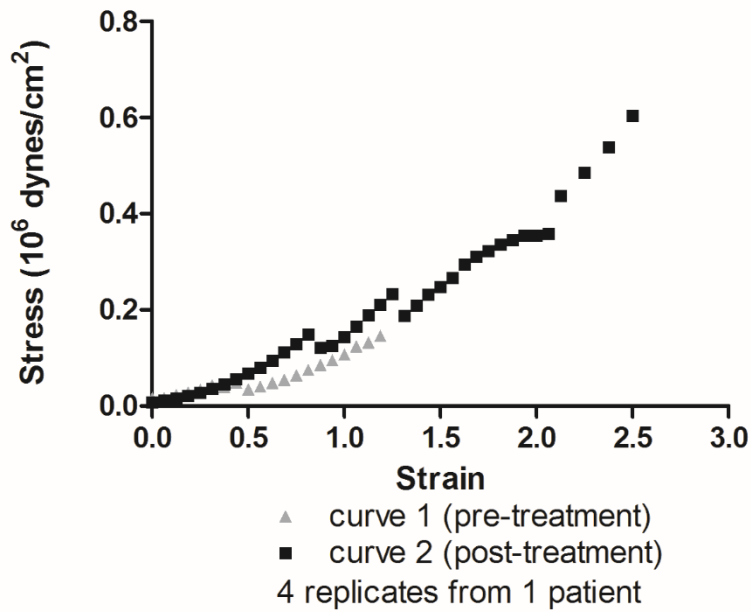

(C) Anterior, posterior tibial arteries - vehicle treated

(D) Anterior, posterior tibial arteries - vonapanitase treated

(E) Anterior, posterior tibial arteries - vehicle treated

(F) Anterior, posterior tibial arteries - vonapanitase treated
