

Supplementary figure 1

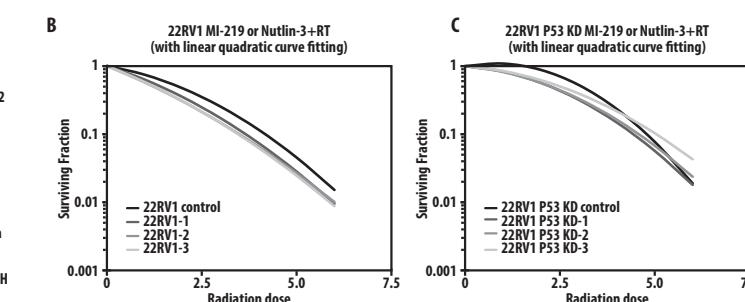

Supplementary figure 2

Supplementary figure 3

- 1 Control
 - 2 RT alone (2 Gy- plate cells 24 hrs later)
 - 3 MI-219 alone (10 mM) for 24 hrs
 - 4 MI-219+RT (Give drug+RT at same time- plate cells 24 hrs later)
 - 5 MI-219+RT (Give drug for 24 hrs then deliver RT and plate cells at that time)
 - 6 MI-219+RT (Give drug for 2 hrs then deliver RT, then plate cells at the 24 hr point [2 hrs after RT])
 - 7 MI-219+RT (Give drug for 6 hrs then deliver RT, then plate cells at the 24 hr point [18 hrs after RT])
