

S2 Table. HIV dependence of ubiquitination sites identified in Jurkat and HEK293 cells.

Jurkat + PTMfunc	HIV dependence	Abundance also affected
% of proteasome-sensitive ubiquitination sites	2%	0%
% of proteasome-insensitive ubiquitination sites	0%	0%
% of all ubiquitination sites	4%	0%
HEK293	HIV dependence	
% of proteasome-sensitive ubiquitination sites	84%	
% of proteasome-insensitive ubiquitination sites	44%	
% of all ubiquitination sites	76%
