

Mora-Blanco, et. al.  
Supplemental Figure 3

**Supplemental Figure 3:** GSEA Heatmap corresponding to data plots in Figure 2. Heatmap from gene signature derived from Willert *et. al* (35) (A). Heatmap from gene signature derived from Schaefer *et. al.* (36) (B). Samples are malignant rhabdoid tumors (MRT), Medulloblastomas without a WNT subtype, “WNT subtype” medulloblastomas (WNT subtype), and normal cerebellum (NC). Red corresponds to an increased expression, while blue corresponds to decreased expression.
