

Figure S8 Schematic map of the T-DNA insertion mutants of *rgfr1*, *rgfr2*, *rgfr3*, *rgfr4* and *rgfr5*.

In *rgfr1* (Salk_053167), a single T-DNA was inserted in the first exon. In *rgfr2* (Salk_057829), a single T-DNA was inserted in the second exon. In *rgfr3* (Salk_038309), a single T-DNA was inserted in the first exon. In *rgfr4* (Salk_040393), a single T-DNA was inserted in the first exon. In *rgfr5* (Salk_014726), a single T-DNA was inserted in the first exon. Gray squares indicate the exons. White squares indicate the untranslated regions.
