

Table S8: Overlap of placental hypomethylated DMFs with placental partially methylated domains (PMDs).

Number of fragments analysed	Number of fragments in PMD regions	Percentage overlapping
32163 (comparison fragments)	8783	27.3
26017 (placental non-hypo fragments)	6494	25.0
6146 (hypomethylated in placenta)	2289	37.2
