

## **Defining risk and mechanisms of permucosal transmission for acute HCV infection within high-risk populations**

### **COMPLETION INSTRUCTIONS**

- Ensure the patient information sheet and consent form has been correctly completed
- Ensure the visit date, study identifier are completed on each page of this form
- Complete all questions (unless otherwise specified)
- Except where specified, all questions are single response only
- Please write legibly
- All text and explanatory comments should be brief
- If the answer is zero, do not leave the field blank write '0'
- If the answer to the question is unknown, write 'not known' or 'NK'
- If a question is not applicable, write 'not applicable' or 'NA'
- Date format is dd/mm/yyyy
- If a date is partially known, enter that part of the date known and 'NK' for that not known part e.g. NK / 04 / 08
- When making a correction, draw a single line through the text to be changed so that the original entry is still legible. Initial and date the correction
- DO NOT use correction fluid or write over information as this will invalidate the data and create query

**Study Schema**

### Schedule of Assessment – Baseline Visit

Schedule of Assessment	Part I only	Part I & II	Part I & III	Part I, II & III
Written Informed Consent	X	X	X	X
Central Lab – AMR Stored Study Plasma Sample	X	X	X	X
Local Lab – standard of care				
• Anti-HCV antibody	X	X	X	X
• HCV RNA quantitative	X	X	X	X
• HCV genotype				
• BBV serology (HBsAG, HIV Ab)	X	X	X	X
• HIV RNA & T-cell subsets <sup>a</sup>	X	X	X	X
• SOC – LFT, platelets	X	X	X	X
Baseline Interview (includes Incident case interview & Sexual behavior and practices interview <sup>b</sup> )	X	X	X	X
Central Lab – AMR Stored Study Plasma Sample Stored Semen Sample		X X		X X
Local Lab – STI Screen				
• Syphilis serology - SST tube		X		X
• Chlamydia, Gonorrhea, LGV - Urine, throat & rectal swabs		X		X
• HSV swab <sup>c</sup>		X		X
• HAV serology - SST tube		X		X
Behavioural Mechanisms Interview			X	X

<sup>a</sup> If HIV serology positive <sup>b</sup> Complete by acute MSM patients only <sup>c</sup> Perform in the presence of ulcerative lesions only

### INCLUSION & EXCLUSION CRITERIA CHECKLISTS

## Part I – Phylogenetics Component – ALL PATIENTS

### All patients

#### Inclusion Criteria:

a) Is the male patient  $\geq$  16 years of age?

Yes

No

b) Has the patient provided written informed consent?

Yes

No

c) Is the patient HCV RNA positive?

Yes

No

d) Does the patient have a first positive HCV antibody or HCV RNA positive within the previous 6 months and documented HCV antibody negative or HCV RNA negative within the 12 months?  
OR

Does the patient have a first positive HCV antibody or HCV RNA positive within the previous 6 months and documented acute clinical hepatitis (jaundice or ALT > 10x ULN)

Yes

No

e) Does the patient have adequate English to provide written, informed consent and to provide reliable responses to the study interview?

Yes

No

If any no box have been ticked the patient is <b>not eligible</b> to enter Part I of the Study
--

#### Exclusion criteria

a) Does the investigator consider the patient to be unlikely to participate in follow-up and/or unwilling to provide extra blood samples?

Yes

No

If the yes box have been ticked the patient is <b>not eligible</b> to enter Part I of the Study
---

RAMPT-C		BASELINE VISIT

## PART II – Semen Component

**N/A**  (please tick the box if patient is not enrolled into this Component)

### Inclusion Criteria:

a) Is the male patient  $\geq$  16 years of age?

Yes

No

b) Has the patient provided written informed consent?

Yes

No

c) Is the patient HCV RNA positive?

Yes

No

d) Does the patient have a first positive HCV antibody or HCV RNA positive within the previous 6 months and documented HCV antibody negative or HCV RNA negative within the 12 months?  
OR

Does the patient have a first positive HCV antibody or HCV RNA positive within the previous 6 months and documented acute clinical hepatitis (jaundice or ALT > 10x ULN)  
OR

Has the patient been HCV RNA positive > 12 months (Chronic HCV)?

Yes

No

e) Does the patient have adequate English to provide written, informed consent and to provide reliable responses to the study interview?

Yes

No

If any no box have been ticked the patient is <b>not eligible</b> to enter Part II of the Study
---

### Exclusion criteria:

a) Does the investigator consider the patient to be unlikely to participate in follow-up and/or unwilling to provide extra blood samples?

Yes

No

b) Is the patient currently on HCV treatment or had prior HCV treatment?

Yes

No

If any yes box have been ticked the patient is <b>not eligible</b> to enter Part II of the Study
--

## PART III – Behavioural Interview Component

**N/A**  (please tick the box if patient is not enrolled into this Component)

### Inclusion Criteria:

a) Is the male patient  $\geq$  16 years of age?

Yes

No

b) Does the patient identify as MSM?

Yes

No

c) Is the patient co-infected with HIV?

Yes

No

d) Is the patient HCV RNA positive?

Yes

No

e) Does the patient have a first positive HCV antibody or HCV RNA positive within the previous 6 months and documented HCV antibody negative or HCV RNA negative within the 12 months?  
OR

Does the patient has a first positive HCV antibody or HCV RNA positive within the previous 6 months and documented acute clinical hepatitis (jaundice or ALT > 10x ULN)

Yes

No

f) Does the patient have adequate English to provide written, informed consent and to provide reliable responses to the study interview?

Yes

No

If any no box have been ticked the patient is <b>not eligible</b> to enter Part III of the Study
--

### Exclusion criteria

a) Does the investigator consider the patient to be unlikely to participate in follow-up and/or unwilling to provide extra blood samples?

Yes

No

If the yes box has been ticked the patient is <b>not eligible</b> to enter Part III of the Study

**DEMOGRAPHICS**

*I'd like to ask you a few questions about yourself*

14. Do you consider yourself to be male, female or transgender?

- Male ..... 1
- Female ..... 2
- Transgender ..... 3
- Not stated/inadequately described ..... 9

15. Do you identify as?

- Heterosexual/Straight ..... 1
- Bisexual ..... 2
- Gay/Lesbian ..... 3

16. What is your year of birth?

(yyyy)

17. Are you of Aboriginal or Torres Strait Islander origin?

- No response ..... 1
- Non-indigenous ..... 2
- Aboriginal ..... 3
- Torres Strait Islander ..... 4
- Both Aboriginal and Torres Strait Islander ..... 5
- Indigenous non-specified ..... 6

18. What is the main language you speak at home?

- English ..... 1
- Other ..... 2
- (Specify .....)

19. What is your country of birth?

.....

RAMPT-C		BASELINE VISIT	
Visit date <input type="text"/> <input type="text"/> / <input type="text"/> <input type="text"/> / <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> (dd/mm/yyyy)		Study number 0902- <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> - <input type="text"/> <input type="text"/>	
		Patient initials <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> E.g. <u>Smith</u> John SMJO	

20. If not Australian born, in what year did you first come to Australia?

.....

21. Have you ever been in prison/ Juvenile justice centre?

Yes ..... 1  
 No..... 2

22. If yes, have you been in prison or juvenile justice centre within the last 2 years?

Yes ..... 1  
 No..... 2

### DRUG USAGE AND INJECTING BEHAVIOURS

*We now need to ask you some questions about your drug use – when you first used drugs and how often and how you use drugs and alcohol now. I'll also be asking you about practices such as sharing needles and syringes and other injecting equipment. One of the aims of this study is to examine how people become infected with hepatitis C. Remember all of this information is confidential. Your answers will not affect the treatment you receive.*

23. Have you ever injected any drug?

No..... 0 (If no, go to Question 27)  
 Yes ..... 1 (If yes, go to Question 24)

24. How old were you when you first injected any drug?

.....years

25. When was the last time you injected?

Within the last month ..... 1  
 Between 1 and 6 months ago ..... 2  
 Between 6 and 12 months ago ..... 3 (go to question 27)  
 Between 1-2 years ago ..... 4 (go to question 27)  
 More than 2 years ago ..... 5 (go to question 27)

<b>RAMPT-C</b>	<b>BASELINE VISIT</b>
