

Appendix from Zamanian et al., “An observational study of inhaled-treprostinil respiratory-related safety in patients with pulmonary arterial hypertension” (Pulm. Circ., vol. 6, no. 3, p. 329)

Table S1. Respiratory-related adverse events sorted within each category of interest

Category	Events
Evidence of bleeding from the upper or lower respiratory tract	Arterial ligation, bloody airway discharge, epistaxis, gingival bleeding, hemoptysis, mouth hemorrhage, mucosal hemorrhage, respiratory tract hemorrhage, vascular rupture
Wheezing, bronchospasm, or exacerbation of preexisting asthma or COPD	Asthma, bronchial hyperreactivity, bronchospasm, COPD, emphysema, obstructive airways disorder, wheezing
Irritation or pain affecting the nose, mouth, larynx, or pharynx	Cheilitis, dry mouth, dry throat, dysphagia, dysphonia, gingival pain, gingival swelling, glossitis, glossodynia, larynx irritation, mouth ulceration, nasal discomfort, nasal dryness, nasal ulcer, oral pain, oropharyngeal blistering, oropharyngeal pain, respiratory tract irritation, rhinalgia, stomatitis, swollen tongue, throat irritation, upper respiratory tract irritation
Upper and/or lower respiratory tract infection	Acute sinusitis, bronchiectasis, bronchitis, bronchitis (viral), bronchopulmonary aspergillosis, candidiasis, chronic sinusitis, gingival infection, H1N1 influenza, influenza, influenza-like illness, laryngitis, lobar pneumonia, lower respiratory tract infection, lung infection, metapneumovirus infection, nasopharyngitis, oral candidiasis, oral fungal infection, parainfluenzae virus infection, pharyngitis, pharyngitis (streptococcal), pneumonia, pneumonia (aspiration), pneumonia (bacterial), pneumonia (hemophilus), pneumonia (primary atypical), pneumonia (respiratory syncytial viral), pneumonia (staphylococcal), pneumonia (streptococcal), pneumonia (viral), respiratory syncytial virus infection, respiratory tract infection, respiratory tract infection viral, rhinitis, rhinovirus infection, sepsis, sinusitis, tonsillitis, tooth infection, tooth abscess, tracheobronchitis, upper respiratory tract infection, viral infection, viral pharyngitis, viral upper respiratory tract infection

Note: COPD: chronic obstructive pulmonary disease.
