

Data dictionary – PLOS ONE – MNHCU study

Variable name	Variable label	Variable category value & label
intend_anc_baseline	Baseline antenatal care intention	Yes 1 No 0
intend_delfacility_baseline	Baseline facility delivery intention	Yes 1 No 0
intend_pnc_baseline	Baseline postnatal care intention	Yes 1 No 0
intend_neo_baseline	Baseline neonatal care intention	Yes 1 No 0
intend_anc_fu	Follow up antenatal care intention	Yes 1 No 0
intend_delfacility_fu	Follow up facility delivery intention	Yes 1 No 0
intend_pnc_fu	Follow up postnatal care intention	Yes 1 No 0
intend_neo_fu	Follow up neonatal care intention	Yes 1 No 0
anc_e	Endline antenatal care use	Yes 1 No 0
delfacility_e	Endline facility delivery	Yes 1 No 0
pnc_e	Endline postnatal care use	Yes 1 No 0
neo_e	Endline neonatal care use	Yes 1 No 0
agegr	Age-group (years)	<20 1 20-24 2 25-29 3 30-34 4 35+ 5
primimultigravida	Parity	Primipara 0 Multipara 1
mstatuspoly	Marital status	Married/in union, monogamous 0 Married/in union, polygamous 1 Single 2
educgr	Education (years)	<5 1 5-8 2 >9 3
religion	Religion	Protestant 1 Catholic 2 Other 3
ga	Baseline gestational age (weeks)	--continuous
ga_fu	Follow-up gestational age (weeks)	--continuous
ga_e	End of pregnancy gestational age (weeks)	--continuous
healthstatus	Self-rated health status	Very poor/Poor Neither poor nor good Good/Very good
chronic	Has (known) chronic medical condition(s)	Yes 1 No 0

healthdecisions	Main health decision-maker	Herself 1 Husband 2 Both 3 Other 4
preg_complic_baseline	Self-reported pregnancy complications at baseline	Yes 1 No 0
preg_complic_fu	Self-reported pregnancy complications at follow-up	Yes 1 No 0
preg_complic_bfu	Self-reported pregnancy complications developed between baseline & follow-up	Yes 1 No 0
preg_complic_be	Self-reported pregnancy complications developed between baseline & endline	Yes 1 No 0
preg_complic_fe	Self-reported pregnancy complications developed between follow-up & endline	Yes 1 No 0
preg_complic	Any self-reported pregnancy complications	Yes 1 No 0
care_complic_followup	Sought care for pregnancy complications by follow-up	Yes 1 No 0
care_complic_endline	Sought care for pregnancy complications by endline	Yes 1 No 0
delcomplic_e	Delivery complications	Yes 1 No 0
delmode	Vaginal delivery	Yes 1 No 0
pregoutcome_e	Pregnancy outcome	Live birth 4 Stillbirth 3
birthexp	Self-reported birth experience	Good/very good 2 Poor/very poor/neither good nor poor 1
kfs_anc_baseline	Knowledge of free antenatal services at baseline	Yes 1 No 0
kfs_anc_fu	Knowledge of free antenatal services at follow-up	Yes 1 No 0
kfs_del_fu	Knowledge of free delivery services at follow-up	Yes 1 No 0
kfs_del_e	Knowledge of free delivery services at endline	Yes 1 No 0
ag	Study site	Asembo 0 Gem 1
s_delfacility	Non-concordance facility delivery and facility delivery intention at baseline	Yes 1 No 0
s_delfacility_fu	Non-concordance facility delivery and facility delivery intention at follow-up	Yes 1 No 0
s_pnc	Non-concordance postnatal care and postnatal intention at baseline	Yes 1 No 0
s_pnc_fu	Non-concordance postnatal care and postnatal intention at follow-up	Yes 1 No 0
s_neo	Non-concordance neonatal care and postnatal intention at baseline	Yes 1 No 0

s_neo_fu	Non-concordance neonatal care and postnatal intention at follow-up	Yes 1 No 0
repeatbeh_e	Intention to deliver in same place again	Yes 1 Unsure 2 No 3
prefsdp	Preferred place of delivery	Yes 1 No 0
reason_closestdp reason_bestqualitysdp reason_mostaffordablesdp reason_ancsdp reason_respectsdp reason_cannotaffordothersdp reason_didnotknowhereelse reason_knowproviderssdp reason_noanswer	<i>Reason choosing place of delivery</i> Closest to home Facility offering best service quality Most affordable place This is where I went for antenatal care I am treated with respect Cannot afford going elsewhere Did not know where else to go I know the providers/TBA No answer	Yes 1 No 0
