**a. BAF plot for deletions (77)**
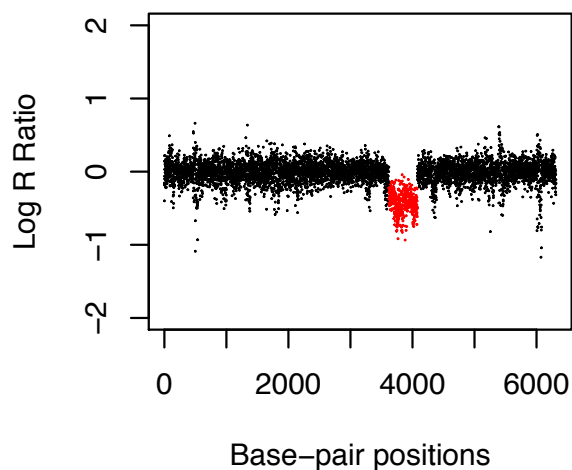

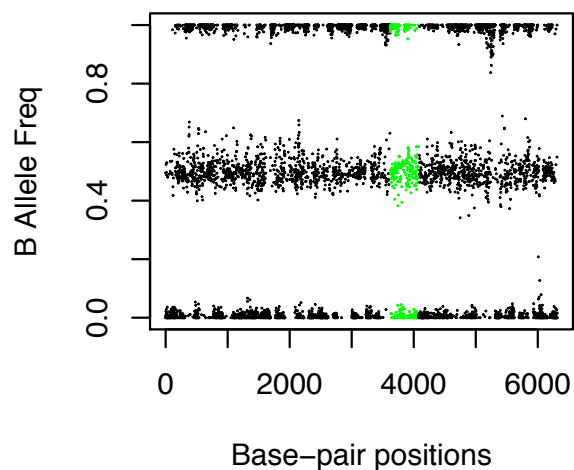

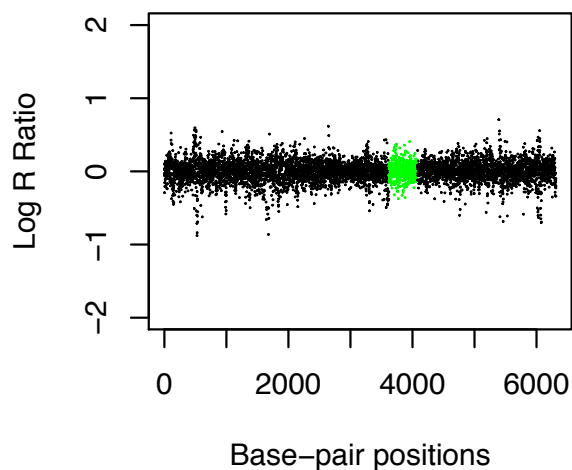

b. LRR plot for deletions (77)

a. BAF plot for normal diploids (77

b. LRR plot for normal diploids (77

S5 Fig: B allele frequency (BAF) and Log R Ratio (LRR) plot of deleted and normal subjects. Top panel: a. BAF plot of observed markers from 77 subjects with hemizygous deletions **b.** LRR intensities for these same 77 subjects with hemizygous deletions
Bottom panel: a. BAF plot of 77 individuals called as normal diploids in this same region **b.** LRR plot of 77 diploid subjects.
