

## **The Statement on Conflict of Interest**

I the undersigned and corresponding author of the manuscript:

### **Data on Vietnamese patients' financial burdens and risk of destitution**

hereby state that we the authors have not conflict of interests, now or potentially, with the survey and the dataset and the publishing process of this data article.

We have received no funding from any institutions.

The sole purpose of this data survey process is to make a serious research attempt into the topic that the article describes.

We will take all responsibilities for any misstatement or wrong declaration in this.

On behalf of co-authors
