Table S1. Data extraction sheet sample

Study details
First author surname year of publication:
Country:
Study design:
Study setting [primary care/specialty clinic/other - specify]:
Number of centres:
Total length of follow up:
Funding [government/private/manufacturer/other - specify]:
Aim of the study
Participants
Recruitment dates:
Sample size:
Inclusion criteria:
Exclusion criteria:
Characteristics of participants [total study sample] Mean [range or SD] age [years]: Women [n [%]]: Race/ethnicity [n [%]]:
Intervention
TWW referral group:
Intervention 2 group:
Intervention 3 group:
Outcomes [study-based]

Primary outcomes [*list*]:

Secondary outcomes [*list*]:

	TWW group	Intervention 2 group	Intervention 3 group
Number of patients			
Referred for further investigations			
Analysed [If more than one follow-up, choose and specify the last one]			
Losses to follow-up/drop out/sample attrition [If more than one follow-up, choose and specify the last one]			

Interventions	
	Description
TWW referral group	
Intervention 2 group	
Intervention 3 group	

Patient baseline characteristics

	TWW referral group	Intervention 2 group	Intervention 3 group
Age [years] Mean [SD]			
Sex –female n/N [%]			
BMI [kg/m^2] Mean [SD]			
Smoking n/N [%]			

Efficacy outcomes

	TWW referral group	Intervention 2 group	Intervention 3 group	Between-group difference p value [or 95% CI]*
Primary Outcomes				
Diagnosed with CRC % [n/N]				
CRC stage at diagnosis				
Mortality from CRC				
Secondary outcomes				
Other diagnosis made				
Adherence to diagnostic/treatment targets				
Authors conclusion				
Reviewer's conclusion
