

A SSDS hotspots with or without overlapping SPO11-oligo hotspot:

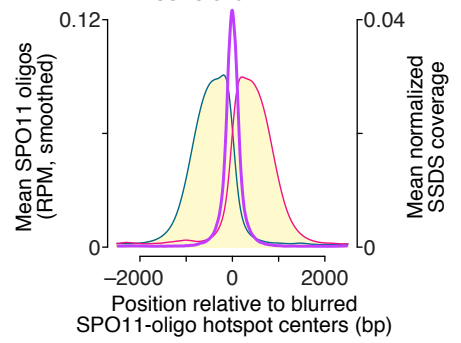

B SSDS hotspots with or without overlapping SPO11-oligo hotspot:

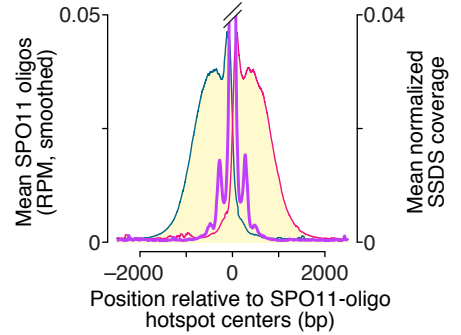

C SSDS coverage around: SSDS hotspots and SPO11-oligo hotspots

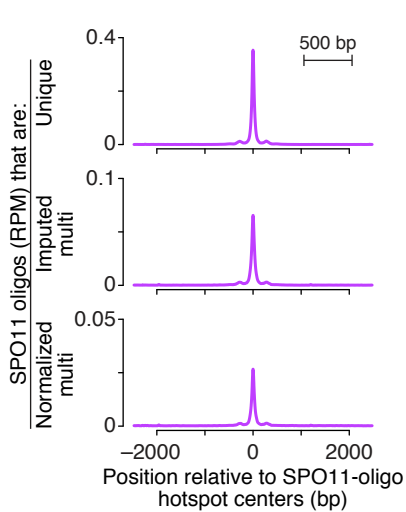

D Density plots of Mean SPO11 oligos (RPM, smoothed) and Mean normalized SSDS coverage around blurred SPO11-oligo hotspot centers.

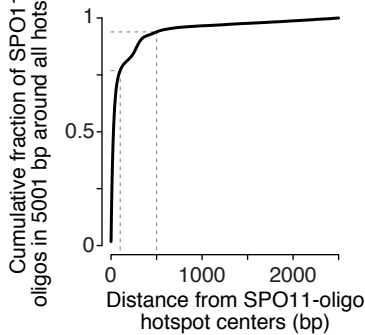

E Density plots of Mean SPO11 oligos (RPM, smoothed) and Mean normalized SSDS coverage around SPO11-oligo hotspot centers.

F SPO11 oligos (RPM) that are: Unique, Imputed, multi

G Cumulative fraction of SPO11 oligos in 5001 bp around all hotspots

H Fraction of SPO11 oligos within window (% , smoothed) for mouse and S. cerevisiae
