

**Table S4** *PTEN* gene deletion relative to protein expression in human intestinal-type gastric cancers occurring at the antrum and GEJ

		Gene Deletion			P-value
		-2	-1	0	
Protein Expression	+	0	8	33	0.0164*
	-	2	16	20	

\*P < 0.05, Fisher exact test.  
-2, deep deletion; -1, shallow deletion; 0, neutral.  
+, high expression; -, low expression.
