

Supplementary video 1. Synchronous somatic calcium transients in *Drosophila* astrocytes.

Top left: mCherry. Top right: GCaMP6s. Bottom left: merge. Video was sped up X100.

Supplementary video 2. Concomitant activity of Tdc2⁺ neurons and astrocytes.

Top left: GCaMP6s labeled astrocytes. Top right: R-GECO1 labeled Tdc2⁺ neurites.

Bottom left: merge. Video was sped up X50.
