

SUPPLEMENTARY MOVIES

Supplementary Movie S1: HGF-induced scattering in HT29 cells.

Supplementary Movie S2: HGF-induced scattering in HCA7 cells.

Supplementary Movie S3: HGF-induced scattering in cloudberry treated HT29 cells.

Supplementary Movie S4: HGF-induced scattering in cloudberry treated HCA7 cells.

Supplementary Movie S5: HGF-induced scratch wound closure in HT29 cells.

Supplementary Movie S6: HGF-induced scratch wound closure in HCA7 cells.

Supplementary Movie S7: HGF-induced scratch wound closure in cloudberry treated HT29 cells.

Supplementary Movie S8: HGF-induced scratch wound closure in cloudberry treated HCA7 cells.
