

LINC00052 regulates the expression of NTRK3 by miR-128 and miR-485-3p to strengthen HCC cells invasion and migration

Supplementary Materials

Supplementary Figure S1: Verification of over expression and siRNAs for NTRK3. (A), (B) Real-time PCR test and Western blot were used to identify siRNAs of NTRK3 and the siRNA3 has high interference efficiency. (C), (D) Real-time PCR test and Western blot were used to identify over-expression of NTRK3.

Supplementary Figure S2: NTRK3 regulated cells proliferation, invasion and migration in SK-Hep1 cells. The same experiments were performed as Figure 6.
