Supplementary Figure S1. Full-length Images of Western Blot of

GABA_AR δ and γ2 Subunits Presented in Fig. 4

(A) and (B) Western blot of thalamic GABA_AR δ subunits in CFA-1D and CFA-7D. (C) and (D) Western blot of thalamic GABA_AR γ2 subunits in CFA-1D and CFA-7D groups. C: CFA group; S: Sham group.

Supplementary Figure S2. Full-length Images of the Western Blot of GAD65 Presented in Fig. 5

(A) Western blot of thalamic GAD65 in acute pain (CFA-1D). (B) Western blot of thalamic GAD65 in chronic pain (CFA-7D). C: CFA group; S: Sham group.
