

Supplementary information, Figure S13 The anti-CD146 monoclonal antibody AA98 recognizes murine CD146. **(A)** His-tagged murine CD146 protein was detected with antibodies of anti-His-tag, anti-CD146 polyclonal antibody, and AA98. **(B)** The CD146 expression in RAW264.7 cells was detected with AA98-PE. The data represent three independent experiments.
