

PRACTA-PES-D

Below, you will find a list of statements referring to various elements of a visit at a doctor's office. Under each statement there is a 7-point response scale. **Please mark with an X the number that describes best, how important is a particular element of the visit for your elderly patients (65+).** Number 1 indicates that it is completely irrelevant, and number 7 – that it is very relevant. Please make sure you answered all questions.
