### Reviews

"Quite frankly, we didn't expect to fall in love with this game. Excellent stuff."

*Modojo*, 2012-11-18 

"Candy Crush Saga is as addictive as it is frustrating. The game starts off easy, but soon gets difficult and very challenging."

*XGN*, 2013-03-12 

### Users' comments

I started playing because a friend invited me to play. I started to play, and didn't realize how much time actually passed before I ran out of lives. I can't wait to play again.

*Rjreyes34*, 2012-11-10

I can't stop playing this game. It's so addictive and I just want to get through all the puzzles. However minus 2 points because the amount of money they charge for things is ridiculously expensive. I guess I just have to wait for friends to help me out.... Collapse.

### Reviews

"In the glut of superhero movies hitting theaters, The Wolverine stands out for several reasons."

*Scott Nash, Three Movie Buffs, 2013-07-30* 

### Users' comments

Just as comic-book movie fatigue was starting to set in, along comes The Wolverine to revive a moribund summer of superheroes.

*Rene Rodriguez, 2013-07-26*

This film doesn't offer much in the way of excitement or suspense. Aside from a slightly unexpected plot development in the final minutes, it does things by the book.
