TABLES

Table S1. Cost (£) of health care for ulcerative colitis in the prior 3 months

	All patients (N=173)		
	Mean (SD)	Contribution to total cost (%)	Median
Hospitalizations ^A			
1 day	142 (223)	11.7	0.00
>1 day	257 (1,049)	21.2	0.00
Current prescription medications	336 (822)	27.7	140.52
Gastroenterologist consultations	166 (109)	13.7	137.00
Nursing care	29 (54)	2.4	0.00
Other specialist consultations	17 (63)	1.4	0.00
Other tests	264 (355)	21.8	148.00
ED visits (without admission)	0 (4) ^B	0.0 ^C	0.00
Total UC costs	1,211 (1,588)	-	782.61

SD, standard deviation; IBD, inflammatory bowel disease; UC, ulcerative colitis; ED, emergency department

^A Values were estimated by dividing 12-month costs by 4.

^B Value was 0.46 before rounding.

^C Value was greater than zero before rounding.
