

# Supplementary Materials: A Simple and Specific Noncompetitive ELISA Method for HT-2 toxin Detection

Henri O. Arola, Antti Tullila, Alexis V. Nathanail, Tarja K. Nevanen

Figure S1. Noncompetitive HT-2 toxin ELISA: Effect of MeOH to the assay performance.

Figure S2. Noncompetitive HT-2 toxin ELISA: Effect of sample incubation time on the assay response with spiked 7% MeOH-water.

**Figure S3.** Noncompetitive HT-2 toxin ELISA: Comparison of two colorimetric substrates for alkaline phosphatase in 7% MeOH-PBS.
