

Supplementary Figure 2. $^1\text{H-NMR}$, $^{13}\text{C-NMR}$ and ESI-MS spectra of AT12. The structure of AT12 was elucidated as $\text{C}_{42}\text{H}_{66}\text{O}_{14}$ by spectral analysis. These spectral data ($^1\text{H-NMR}$, $^{13}\text{C-NMR}$ and ESI-MS) here are represented for AT12.
