

## Genetic polymorphisms of Bcl-2 promoter in cancer susceptibility and prognosis: a meta-analysis

### SUPPLEMENTARY MATERIALS

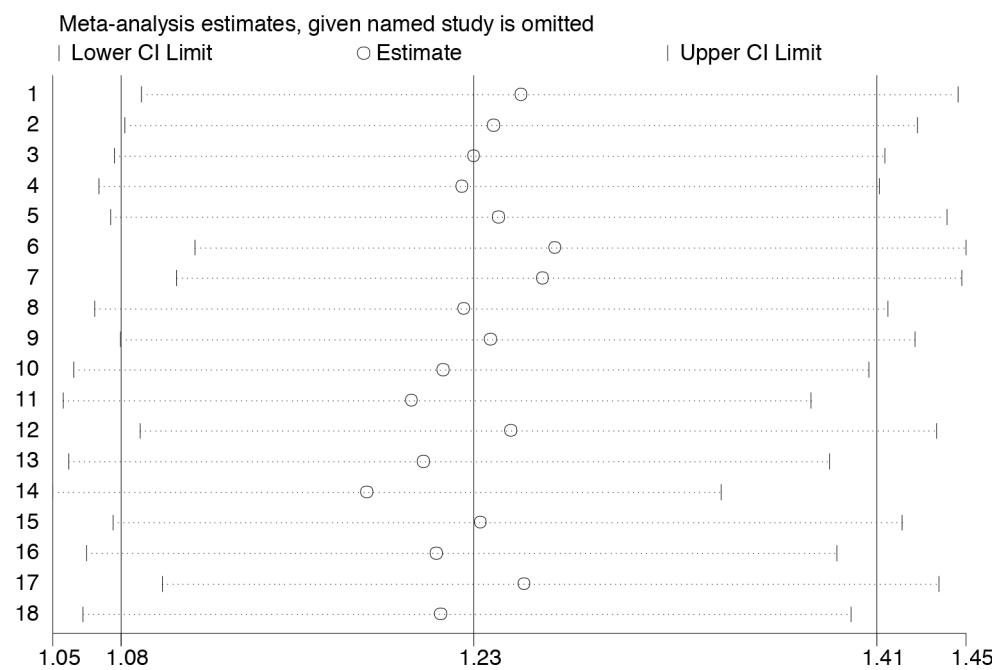

#### SUPPLEMENTARY FIGURES AND TABLES

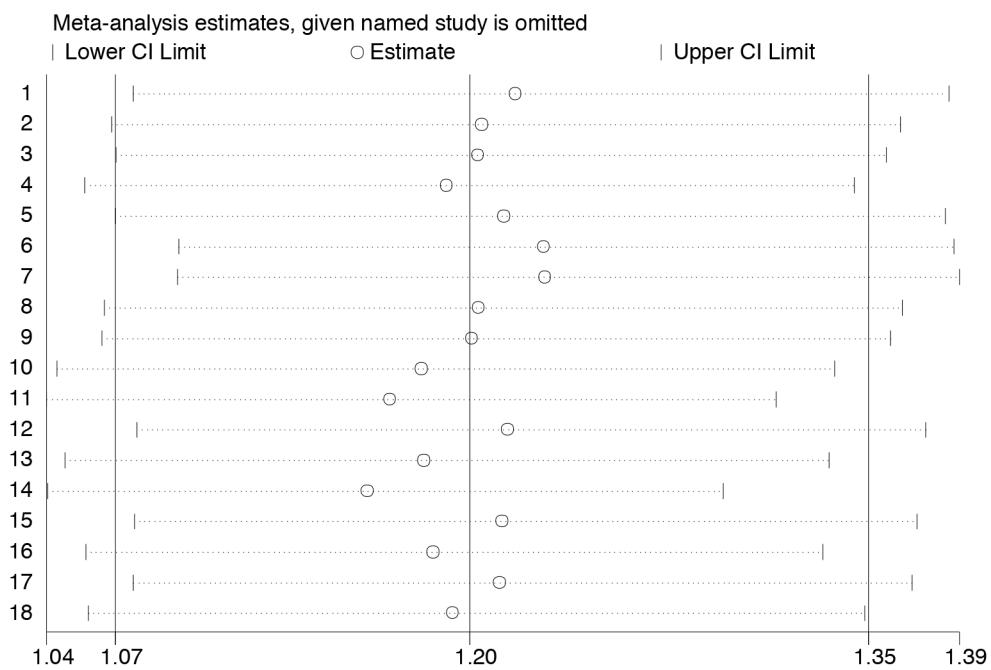

Supplementary Figure 1: Forest plots of sensitivity analysis for the meta-analysis of rs2279115 and cancer risk in allelic (C vs. A) model.

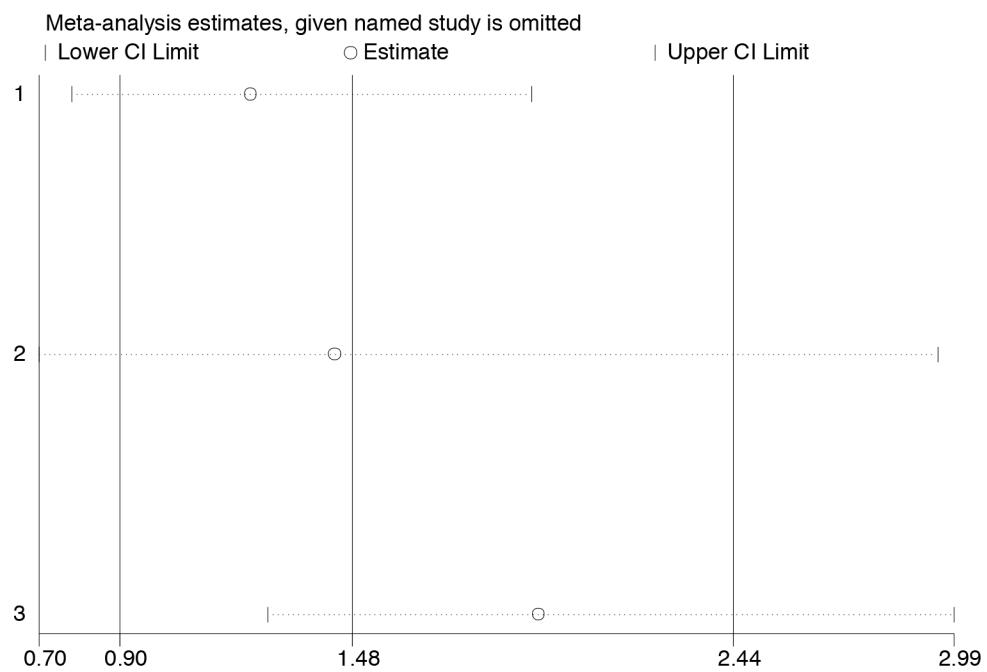

**Supplementary Figure 2:** Forest plots of sensitivity analysis for the meta-analysin of rs2279115 and cancer risk in dominant (CC+ CA vs. AA) model.

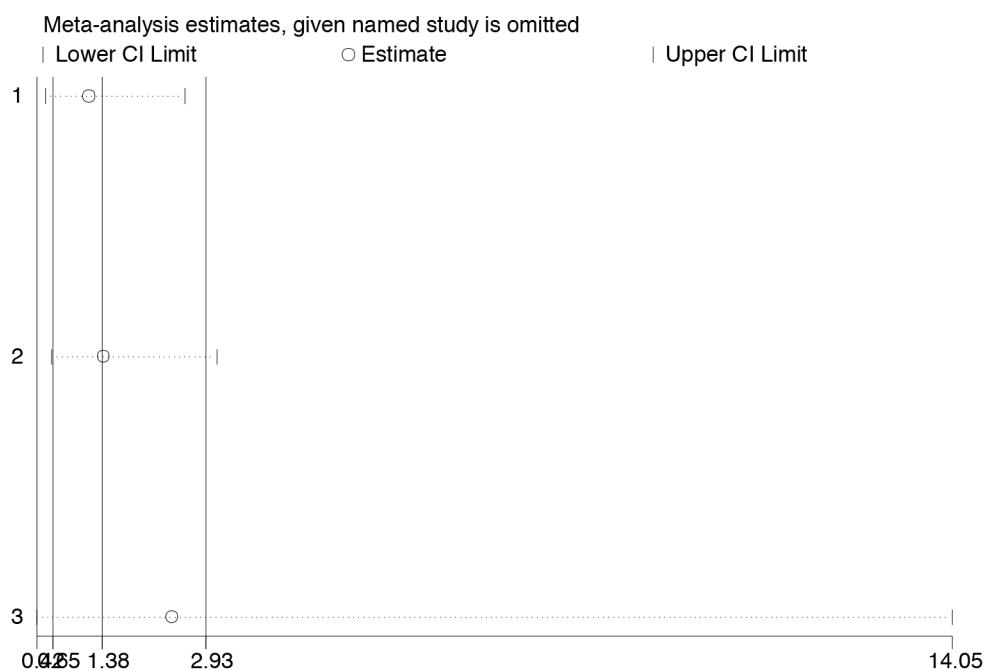

**Supplementary Figure 3:** Forest plots of sensitivity analysis for the meta-analysin of rs2279115 and cancer risk in recessive (CC vs. CA+AA) model.

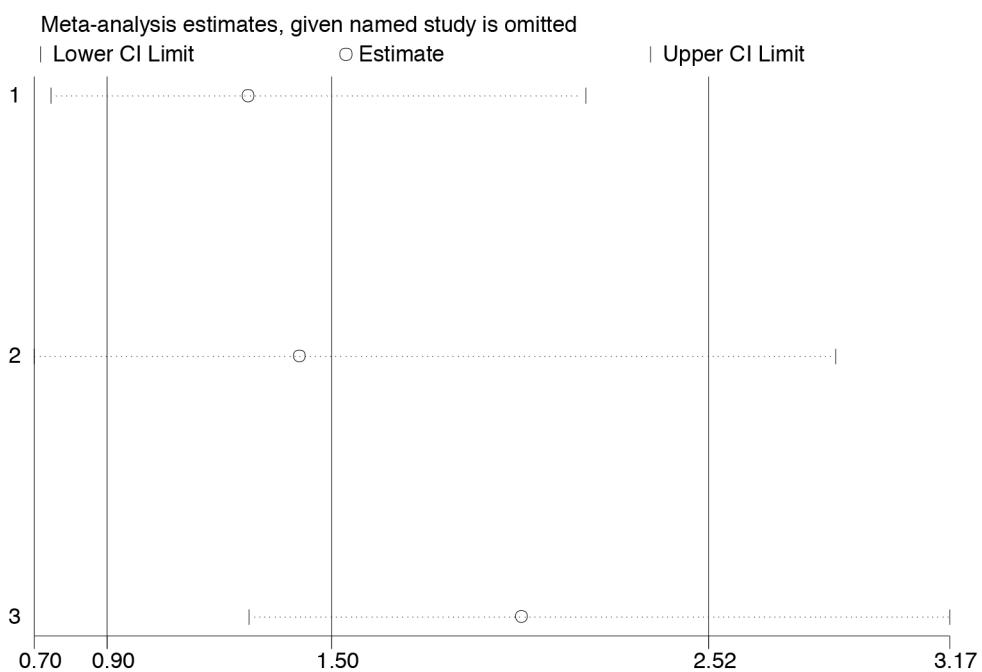

**Supplementary Figure 4:** Forest plots of sensitivity analysis for the meta-analysis of rs2279115 and cancer risk in additive (CC vs. CA) model.

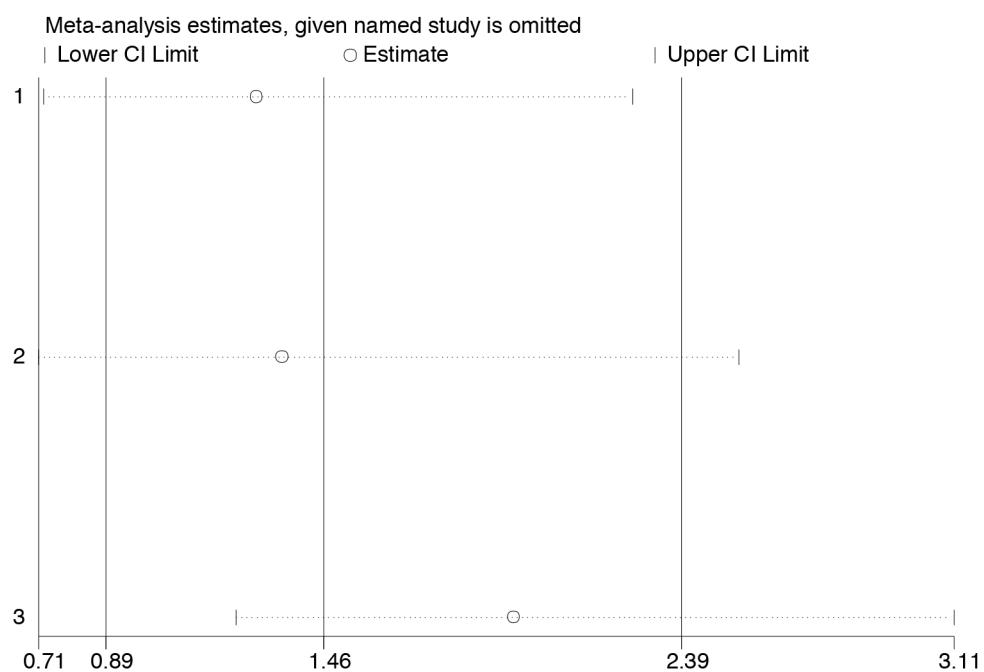

**Supplementary Figure 5:** Forest plots of sensitivity analysis for the meta-analysis of rs1801018 and cancer risk in allelic (A vs. G) model.

**Supplementary Figure 6:** Forest plots of sensitivity analysis for the meta-analysin of rs1801018 and cancer risk in dominant (AA+AG vs. GG) model.

**Supplementary Figure 7:** Forest plots of sensitivity analysis for the meta-analysin of rs1801018 and cancer risk in recessive (AA vs. AG+GG) model.

**Supplementary Figure 8:** Forest plots of sensitivity analysis for the meta-analysis of rs1801018 and cancer risk in additive (AA vs. AG) model.

**Supplementary Table 1:** Characteristics of studies included in this meta-analysis.

See Supplementary File 1

**Supplementary Table S2: Genotype frequencies of rs2279115 included in this meta-analysis**
