## **Supplementary Information**

### **Supplementary Figure S1.**

**Supplementary Figure S1. Location of the seven cities selected in the study.** The selected cities were Chongqing (southwest China), Chengdu (southwest China), Guangzhou (southeast China), Fuzhou (southeast China), Lanzhou (northwest China), Nanjing (east China), Wuhan (central China) and Shenyang (northeast China). This map was created using the ArcGIS10.0 software (Environmental Systems Research Institute, Inc).
