

**SUPPLEMENTARY FIG. S10. TSP1 does not change syndecan-1 protein expression in macrophages.** Macrophages were incubated with vehicle or TSP1 (10 nM) for 1, 4, 8, 16, or 24 h. Syndecan-1 expression (Santa Cruz Biotechnology, clone H-174) was determined by Western blot ( $n=3$ ). Data represent the mean  $\pm$  SD.
