

## Supplementary Figure 8

**Dual HA viruses using modern H3 HA exhibit similar growth kinetics and HA content to egg-adapted dual HA viruses. (A)** HA assay of A/Victoria/210/09 expressing dual HA virus as compared to A/Hong Kong/1968 dual HA. **(B)** Growth kinetics in 11-day-old eggs of A/Victoria/210/2009 expressing dual HA virus as compared to the A/Hong Kong/1968 dual HA virus.
