

Supplementary Figure 1. Annual indices for AIS patients receiving rtPA therapy at different hospital levels from 2009 to 2014 in the project "Hospital Emergent Capability Accreditation by Level-Stroke". (A) Treatment rate, (B) protocol adherence rate, (C) in-time treatment rate, and (D) SICH rate. AIS, acute ischemic stroke; rtPA, recombinant tissue plasminogen activator; HD, heavy duty; MoD, moderate duty; MeD medium duty; SICH, symptomatic intracranial hemorrhage.
