

**A****Donut Background**

**Supplemental Figure S4. Donut expected background model heatmaps at key developmental loci. (A)** Donut expected background model heatmaps of 1-2 Mb surrounding several developmental genes (rows; *Sox2*, *Olig1-Olig2*, *Nes*, *Klf4*, *Nanog*, *Pou5f1*) in replicates of ES 2i, ES serum and NPCs (columns). Related to Figure 3.
