

Supplementary Figure 1

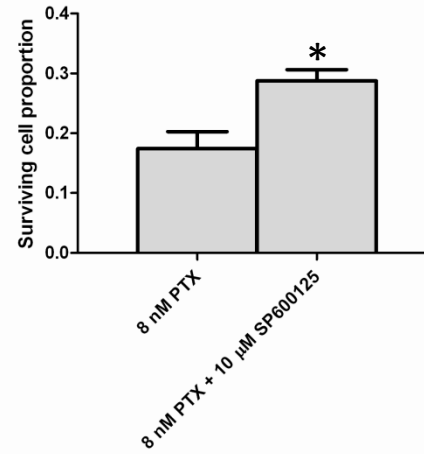

Supplementary Figure 2

A.

The impact of JNK inhibition on WWOX-8 line growth (72 hrs)

The impact of JNK inhibition on WWOX-8 line paclitaxel sensitivity (72 hrs)

B.

Supplementary Figure 3

The impact of JNK inhibition on WWOX-8 line growth (48 hrs)

The impact of JNK inhibition on WWOX-8 line tunicamycin sensitivity (48 hrs)

Supplementary Figure 4

The impact of JNK inhibition on mitotic index in WWOX-8 line (16 hrs)

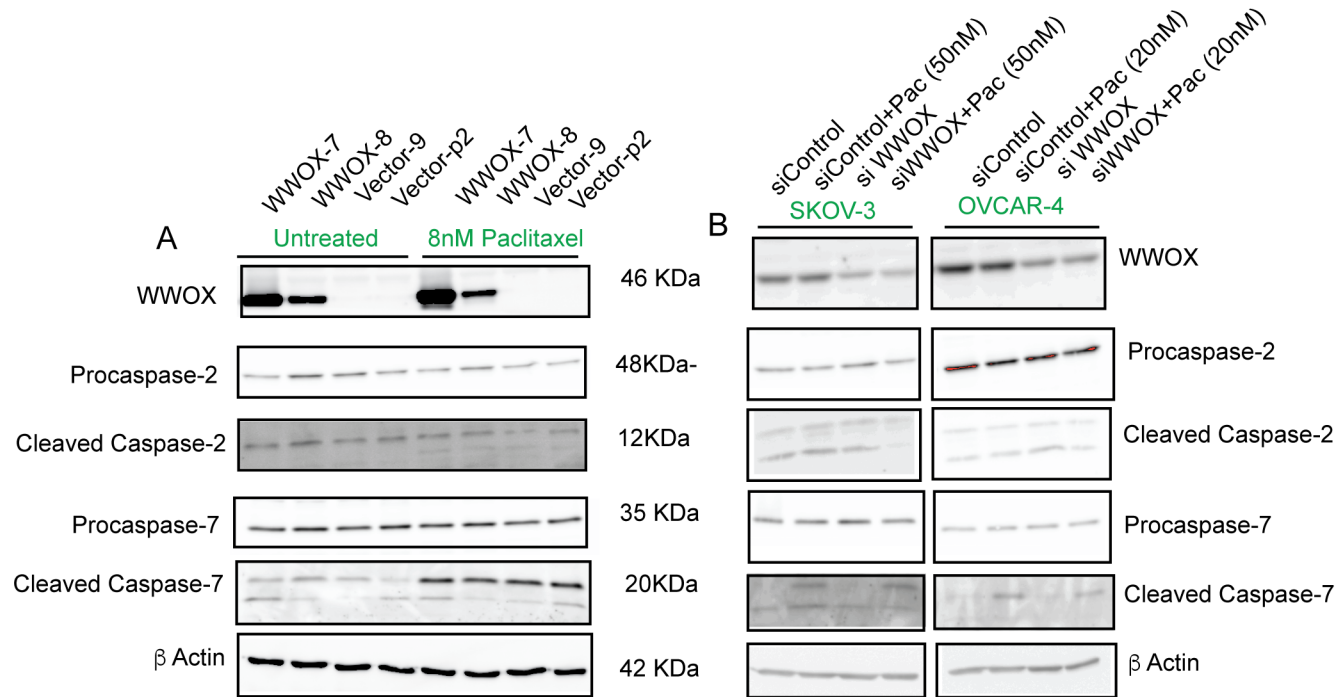

Supplementary Figure 5

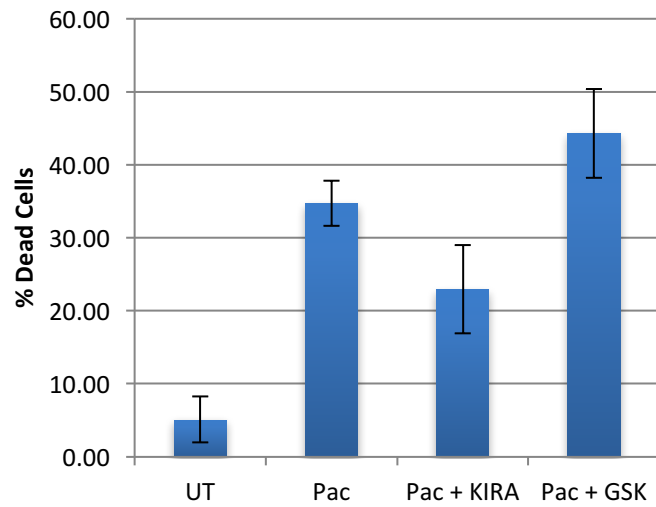

16 hrs 8 nM paclitaxel stimulation

Supplementary Figure 7

Supplementary Figure 8

OVCAR-4

SKOV-3

Supplementary Figure 9

Co-immunoprecipitation to check interaction between GRP78 and WWOX
