

**Axilla to groin length
log size corrected**

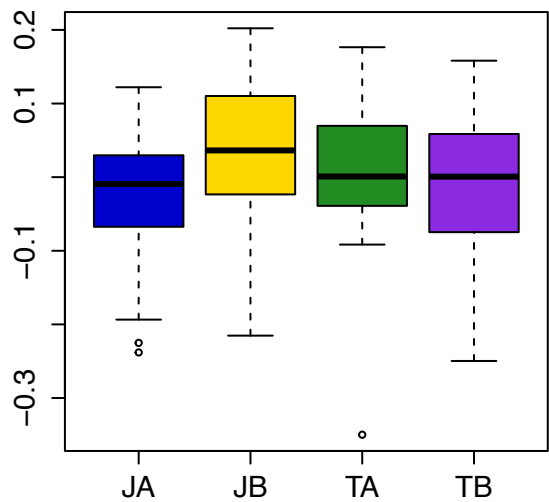

**Head length
log size corrected**

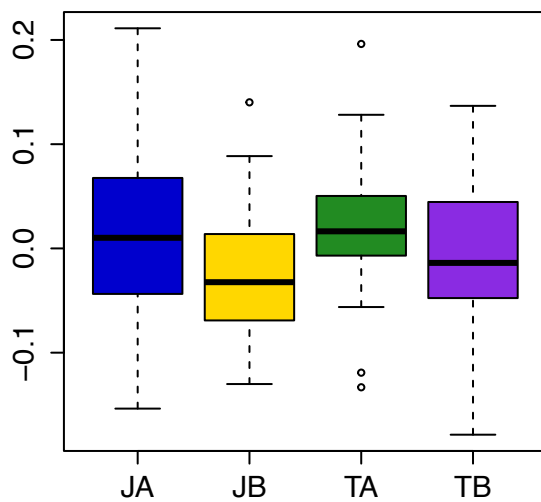

**Head width
log size corrected**

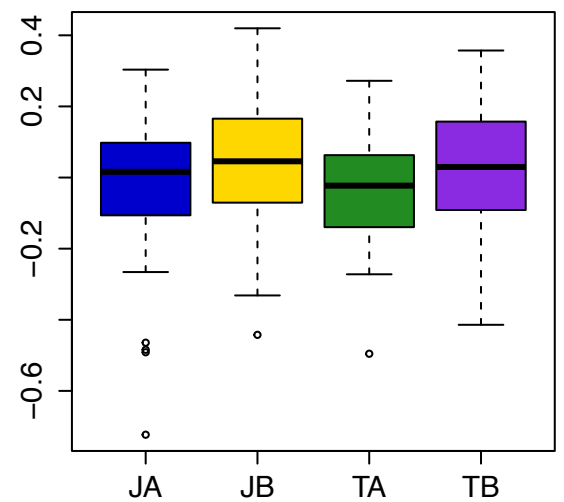

**Head depth
log size corrected**

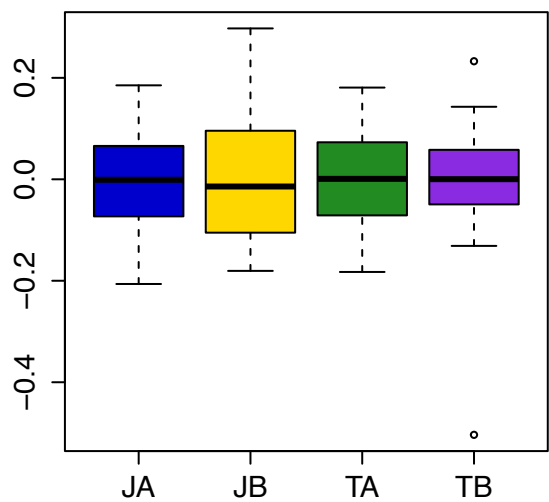

**Nasals separation
log size corrected**

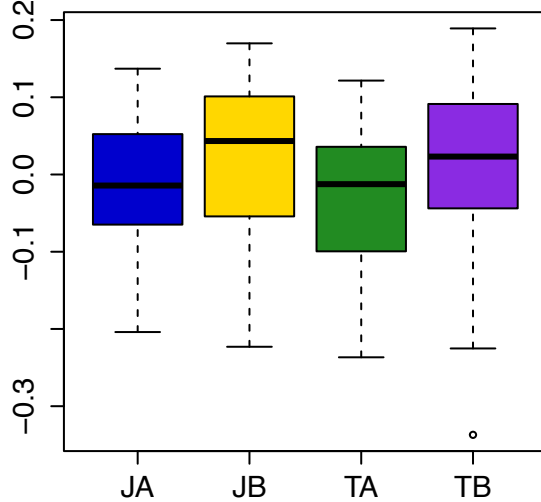

**Ear aperture length
log size corrected**

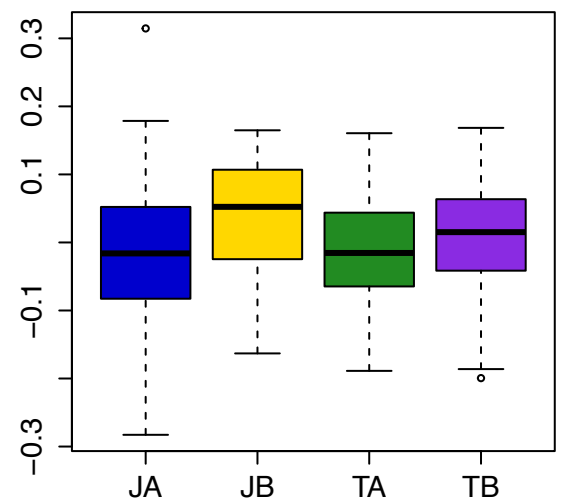

**Palpebral disc length
log size corrected**

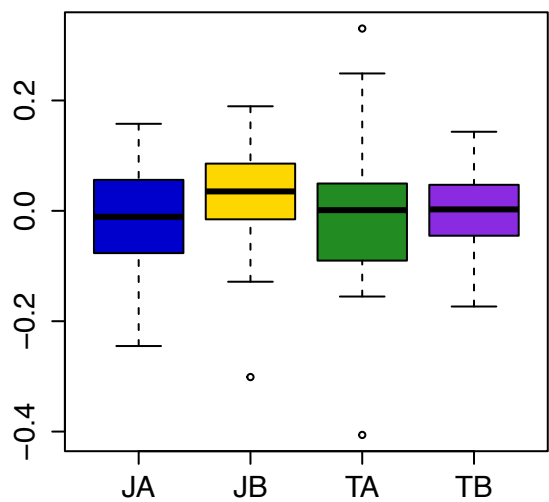

**Eye to ear distance
log size corrected**

**Forelimb length
log size corrected**

**Hindlimb length
log size corrected**

Supplemental Figure S5 - Box plots for log and size corrected variables. JA – Johnstonei A, JB – Johnstonei B, TA – Triacantha A, TB – Triacantha B.
