A pathways-based prediction model for classifying breast cancer subtypes

Supplementary Materials

Supplementary Table 1: Functional pathway analysis of the genes specific for TN subtype. See Supplementary_Table_1

Supplementary Table 2: Functional pathway analysis of the genes specific for HER2+ subtype. See Supplementary_Table_2

Supplementary Table 3: Functional pathway analysis of the genes specific for LA subtype. See Supplementary_Table_3

Supplementary Table 4: Functional pathway analysis of the genes specific for LB subtype. See Supplementary_Table_4
