

Appendix 1. Email template sent to editors-in-chiefs of 52 journals.

Dear Dr. X:

We are hoping for your assistance with a research study.

Briefly, we are University of Toronto researchers studying how medical journals address and manage potential financial conflicts-of-interest (COI) for editors. We are contacting you as editor-in-chief to get your input about how your journal handles financial relationships among your editors.

Specifically, we will be comparing the names of editors with publicly available information about financial relationships with entities that could pose a conflict of interest such as pharmaceutical companies, device manufacturers or government agencies.

We are asking you to complete a brief (less than 5-minute) survey - you will receive a separate email with this link shortly.

In addition, from your journal's current masthead, attached is a list of all physician editors at the Associate Editor level or above. We ask that you review the list and if you have any corrections or clarifications, we would appreciate you emailing this list back to us.

This project has received appropriate research ethics board approval from the University of Toronto (Mount Sinai Hospital).

Thank you for your consideration.

We ask that this survey be completed and returned to us within two weeks. A reminder email will be sent after 2 weeks.

Should you have any questions or comments, please feel free to contact us. Completed attachments can be returned to us via email at X. We are happy to answer any questions by email or by telephone at X.

Appendix 2. Template of editor list emailed to Editors-in-Chief of 52 journals.

Dear Dr. XX,

Below is a list of all physician editors at the Associate Editor level or above as listed on your online masthead in May 2016 (not including Emeritus status) for your journal. **Do the listed editors play a role in key manuscript decision making and publication?**

Journal Name: XX

Editor-in-chief: XX

Editor Name	Title	Active in manuscript review and publication?		Comments
		Yes	No	
1.	Editor in Chief			
2.	Editor in Chief			
3.	Deputy Editor			
4.	Associate Editor			

Have we omitted any of your editors with key manuscript decision making and publication roles?

If so, please include their names, and if possible, titles, below:

Editor Name	Title	Comments

Thank you very much for your response. If you have any questions or concerns, please don't hesitate to contact us at XX or by telephone at XX.

Appendix 3. Online survey sent to Editors-in-Chief of 52 journals.

1. Does your journal have a formal written policy for editors with respect to consulting and collaboration with industry (drug and device makers)? [Yes/No/Unsure]
2. Is this policy publicly available? [Yes/No/Unsure]
3. If you answered YES to question 2, please provide a website link to this policy in the space below:
4. If you answered NO to question 2, would you be able to send this policy to us as an email attachment? [Yes/No/Unsure]
5. Does your journal require that all editors complete an annual financial disclosure statement listing consulting payments, honoraria, and such? [Yes/No/Unsure]
6. Do you require that editors disclose potential conflict of interest (COI) when publication decisions are being made about individual articles? [Yes/No/Unsure]
7. Who decides whether a potential COI precludes an editor from the discussion a given manuscript? (check all that apply) [Editor with the COI/Editor in Chief/Someone else (and if so, please specify)]
8. On a scale of 1-5, how satisfied are you that your journal handles editorial COI well? [1=not at all satisfied; 5=extremely satisfied]
9. Thank you. As you know, we also emailed you a list of your journal editors that we pulled from your web site and masthead.

As the final part of our survey, we ask you to review the list of editors. Have you already done this?
[Yes/No]

10. Please enter the name of your journal:

Appendix 4. General and total research payments (\$USD) to individual editors, by journal (2014).
