

Descriptions of Additional Supplementary Files

File Name: Supplementary Dataset 1

Descriptions: Identification of masitinib targets by mass spectrometry on HMC-1.1 cellular lysates.

File Name: Supplementary Dataset 2

Descriptions: Relative quantification of masitinib associated proteins by mass spectrometry on HMC-1.1 cellular lysates.

File Name: Supplementary Dataset 3

Descriptions: Identification of masitinib targets by mass spectrometry on HRT18 cellular lysates.

File Name: Supplementary Dataset 4

Descriptions: Relative quantification of masitinib associated proteins by mass spectrometry on HRT18 cellular lysates.
