

## **Description of Additional Supplementary Files**

File Name: Supplementary Data 1

Description: Hippocampal meQTLs (FDR of 1%)

File Name: Supplementary Data 2

Description: Enrichments / Depletions of cis-meQTL-CpGs in regulatory elements

File Name: Supplementary Data 3

Description: Hippocampal eQTLs (FDR of 1%)

File Name: Supplementary Data 4

Description: Hippocampal eQTLs (FDR of 1%)

File Name: Supplementary Data 5

Description: Hippocampal meQTL SNP consequences

File Name: Supplementary Data 6

Description: Hippocampal eQTL SNP consequences
