## Appendix 4: Applicability of CDA-SQS

Domain		
Category	Sub-category	Primary SQ tools/services
Body functions		y C
Mental functions	Attention including:	Melon
	concentration; sharing	
	attention, etc.	
	Sleep	Lark
	•	SleepCycle,
		SleepTracker
		WakeMate
		Zeo Sleep Manager
	Emotions	Emotiv Insight
		Happiness
		MercuryApp
		Moodjam
		MoodPanda
		MoodScope
		TrackYourHappiness
	Thought including: flight of	Muse
	ideas, thought block,	Quantified Mind
	productivity, meditation, etc.	RescueTime
Functions of the	Blood pressure	A&D Blood Pressure Monitor
cardiovascular system		Actipressure
		Blipcare
		Blood Pressure Companion
		iHealth
	Heart functions e.g., heart	Adidas miCoach
	rate, rhythm and output	Alivecor
	-	Basis
		Cardiio
		EmWave2
		Garmin Heart Rate Monitor
		Ithlete
		Mio
		Myithlete
		NeuroSky
		Polar
		Tinke
		Wahoo Heart Rate Monitor
Endocrine system functions	Hormonal levels in the body	CareLogger
	(Blood glucose)	Dexcom
		Glooko
		iBGStar
Reproductive functions	Menstruation including	Clue for tracking cycles
	regularity of menstruation and	Free Menstrual Calendar
	discharge of menstrual fluids	My Cycles Period and Ovulation
		Tracker
		MyFertilityMD
Sensory functions	Senses e.g. seeing, hearing, tasting, smell, touch	EyeNetra
Sensation of pain	Pain in back, chest, head, etc.	Symple TrackNShare
Body structures		
Cell structure	Conos DNA DNA etc	23andMe
	Genes, DNA, RNA, etc.	
		Eclipse for self breast exam

		InsideTracker Talking20 WellnessFX
Microbial structure in skin, gut, etc.	Names, number, types, etc.	uBiome
Neuromusculoskeletal and movement-related functions	Mobility of bone; joints; muscles	LumoBack MYO
Body actions and activities		
Mobility	Climbing, crawling, jogging,	Amiigo
	running, swimming, walking,	Bodymedia
	etc.	Endomondo
		Fitbit One
		Fitbit Ultra
		Fitbit Zip
		Fitocracy
		Garmin watch
		iSki Tracker
		Jawbone Up
		Misfit Shine
		Moves MyFitnessPal
		Nike Fuelband
		Nike Hyperdunk
		Nike+ Running
		Omron
		Pebble
		RunKeeper
		Runtastic
		Strava
		Wahoo Fitness
		Withings
Self-care	Weight maintenance	Fitbit Aria scale
	S	Fitorbit
		Lose It!
		Retrofit
		Withings scale
	Diet	80 Bites
		Dan's Plan
		Hapilabs fork
		mySymptoms
		NutriMirror
	Consumption of drug or	Medisafe Project
	medicine	Medminder
		Spectracell
		Vitality Glowcaps
	Washing and drying oneself	Toothbrush app
	includes: washing body parts,	
	washing whole body	7
		Equanimity Meditation Timer &
Religion and spirituality	Engaging in religious or	± *
	Engaging in religious or spiritual activities	Tracker
Around body	spiritual activities	Tracker
Religion and spirituality  Around body  Natural and built	spiritual activities  Climate/weather e.g.	Tracker  Lapka
Around body	climate/weather e.g. temperature, humidity,	Tracker  Lapka Nest
Around body Natural and built	Climate/weather e.g. temperature, humidity, atmospheric pressure,	Lapka Nest Netatmo
Around body Natural and built	Climate/weather e.g. temperature, humidity, atmospheric pressure, precipitation, wind and	Tracker  Lapka Nest
Around body Natural and built	Climate/weather e.g. temperature, humidity, atmospheric pressure, precipitation, wind and seasonal variations, etc.	Lapka Nest Netatmo Sensaris Senspod
Around body Natural and built	Climate/weather e.g. temperature, humidity, atmospheric pressure, precipitation, wind and	Lapka Nest Netatmo

	directions.	Geonaute Keymaze Placeme
		WorkInField
Major life areas	Economic self-sufficiency to	Mint
	ensure economic security for	Slice
	present and future needs	TheBirdy
		TOSHL finance
Products and technologies	Use of products and	TripIt flights
	technologies in activities of	
	moving inside and outside	
	buildings e.g. buses, cars,	
	vans, airplanes, etc.	
Relationships and attitudes	Personal care providers and	BabyWatch
	personal assistants who	
	function as primary	
	caregivers.	
Community, social and civic	Socialising and volunteering	Momento Events Tracker
life	includes: engaging in	
	charitable organizations,	
	service clubs or professional	
	social organizations, informal	
	and formal associations; etc.	

The remaining SQS (N=22: 42Goals, AskMeEvery, ChartMySelf, DailyBurn, Daytum, Garmin MyConnect, Google Forms, KeepTrack, Lift, Reporter, and self-created tracker application, Dacadoo, Digifit, Fluxtream BodyTrack, Notch.Me, Open.Sen.Se, self-created application, Statwing, Tictrac, TRAQS.me, Zenobase, and Zoomdata) were found to capture a range of health aspects that belong to more than one health domain as denoted by the CDASQS; thus for the sake of clarity, they were listed in text but not presented in the above table.
