Geographic Distribution of Nontuberculous Mycobacterial Species Identified among Clinical Isolates in the United States, 2009-2013

Alicen B. Spaulding, PhD, MPH, Yi Ling Lai, MPH, Adrian M. Zelazny, PhD, Kenneth N. Olivier, MD, MPH, Sameer S. Kadri, MD, MS, D. Rebecca Prevots, PhD, MPH, Jennifer Adjemian, PhD

Supplementary table. List of NTM species identified by category in Premier™ Healthcare Database, 2009-2013.

Species category	Species included in category
<i>M. abscessus/M. chelonae</i>	Mycobacterium abscessus Mycobacterium chelonae Mycobacterium chelonae/abscessus complex Mycobacterium chelonae complex Mycobacterium massiliense Mycobacterium immunogenum
<i>M. fortuitum</i>	Mycobacterium fortuitum Mycobacterium fortuitum complex Mycobacterium fortuitum/peregrinum group Mycobacterium mageritense Mycobacterium peregrinum/septicum Mycobacterium porcinum Mycobacterium porcinum complex Mycobacterium senegalense Mycobacterium septicum
<i>M. kansasii</i>	Mycobacterium kansasii
<i>M. avium</i> complex	Mycobacterium avium Mycobacterium avium complex Mycobacterium avium-intracellulare-scrofulaceum complex (MAIS) Mycobacterium intracellulare
Other pathogenic NTM species	Mycobacterium alvei Mycobacterium arupense Mycobacterium asiaticum Mycobacterium aubagnense Mycobacterium celatum Mycobacterium chimaera Mycobacterium europaeum Mycobacterium flavescens Mycobacterium haemophilum Mycobacterium interjectum Mycobacterium kumamotoense Mycobacterium lentiflavum Mycobacterium malmoense Mycobacterium marinum Mycobacterium marinum/ulcerans Mycobacterium nonchromogenicum Mycobacterium paraffinicum Mycobacterium phlei Mycobacterium phocaicum Mycobacterium saskatchewanense Mycobacterium scrofulaceum Mycobacterium simiae

	<p>Mycobacterium simiae complex Mycobacterium simiae-avium group Mycobacterium stomatepieae Mycobacterium szulgai Mycobacterium terrae Mycobacterium terrae complex</p>
Other rapidly growing mycobacteria	<p>Mycobacterium canariasense Mycobacterium cosmeticum Mycobacterium goodii Mycobacterium Group IV rapid grower Mycobacterium mucogenicum Mycobacterium mucogenicum complex Mycobacterium neoaurum Mycobacterium smegmatis Mycobacterium wolinskyi</p>
