**Figure S9. Gene expression profiles for eliminated genes in *Parascaris* and *Toxocara*.** **A.** Heatmap expression profiles of *Parascaris* genes that are eliminated in all three nematodes, eliminated in two nematodes, or the eliminated genes that are unique to *Parascaris*. **B.** Heatmap expression profiles of *Toxocara* genes that are eliminated in all three nematodes, eliminated in two nematodes, or the eliminated genes that are unique to *Toxocara*.
