

### Interview guideline study part 3

#### Interview guideline pilot study interviews nurses and GPs

---

<b>Measures</b>	<p>How did you experience the interprofessional collaboration since the implementation? Which experiences did you make? What has changed?</p> <p>In which of the measures have you been involved actively?</p> <p>How were the measures set in action? Was measure a,b,c... feasible?</p> <p>Were there differences in the feasibility of the measures?</p> <p>How useful was the measure a,b,c...in your daily work?</p> <p>Where do you see the use of measure a,b,c...?</p> <p>Which influence had measure a,b,c... on the provision of medical care of the residents – in your opinion?</p> <p>If so, in what way did the residents realise the implementation of the measures?</p>
<b>Interprofessional collaboration</b>	<p>In your opinion- has there been a change in the quality of interprofessional collaboration due to the implementation of the measures? If yes, what has changed?</p> <p>How did you experience the collaboration with the nurse/GP?</p>
<b>Assessment</b>	<p>What will happen to the measures from now on?</p> <p>What could still be improved?</p> <p>Which overall assessment would you give?</p> <p>Is there something you would like to say additionally?</p>
