

# The "Tororo TB Case Finding" Study

## TB Questionnaire #2 – Index Patient

Interviewer's Initials \_\_\_\_\_

### TB Index Patient

	Question	Response (fill in legibly in ink)
1	Today's date:	$\frac{\text{_____}}{\text{(day)}} / \frac{\text{_____}}{\text{(month)}} / \frac{\text{_____}}{\text{(year)}}$
2	Study ID:	___ - 00

**Section 1a. Current Household Members of Index Patient**

**Household members** are defined as people who live together (under the same physical roof) for at least 1 of the past 12 months. The only people you should include who have been there for less than 1 month are infants and newly added spouses. The head of the household is always a member and should be listed on the FIRST line, even if he or she has been there for less than 1 month. If the head of the household is the Index case, write "INDEX" under the name and cross-out the ID code.

1. ID Code	2. NAME (surname, given name)  If the head of the household is the Index case, write "INDEX" under the name and cross-out the ID code.	3. Sex of NAME  [1] Male [2] Female	4.
